POWERS IN AGREEMENT ON CHINESE SITUATION

Secretary Knox's Note to German Ambassador Discloses Understanding for Concerted Action.

Washington, Feb. 8.—Secretary Knox's note to Count Von Bernstorff, the German ambassador, just made public, is taken to be the preliminary of an expected exchange of notes between the United States, Germany, Great Britain, France, Japan and Russia, which would be of immense importance in placing all those powers on record for concerted action and common understanding in the protection of the integrity of China.

While the note is addressed to the German ambassador, copies have been sent to all the other powers named.

"There happily has thus far been no reason for inference on the part of the foreign powers, inasmuch as both imperialists and republicans have guaranteed the life and property of the foreign population and the latest reports tend to strengthen the belief that it is improbable that future developments will necessitate such interference," says Secretary Knox.

The remainder of the note follows:

"In reply to your note of the 31st ultimo requesting information as to the attitude of the government of the United States with regard to conditions in China I have the honor to state that since the beginning of the present disturbance this government has from time to time as occasion arose, exchanged views with the other interested powers—particularly France, Great Britain, Italy, Japan and Russia, as well as the imperial German government—as to what course was expedient for the protection of the common interests. From these exchanges it has been quite clear that all the powers concerned were as one as to the wisdom of maintaining the policy of concerted action in the circumstances.

Held Same Opinion.

"This unanimity of view found concrete expression in the identical note presented by the representatives of France, Great Britain, Japan, Russia and the United States simultaneously to the peace commissioners at Shanghai on Dec. 20, as well as in the co-operative measures taken for the protection of their common interests throughout China.

"The advices received by this government, moreover show that the other governments concerned have likewise had similar exchanges of view and that official statements of policy to the same effect have appeared in the public press of various countries.

"It is therefore evident to this government that all the powers have up to the present, by common consent not only refrained from independent action and from intervening in China's internal affairs but have acted in full accord with their mutual assurances that they would respect its integrity and sovereignty.

"If, however, contrary to all expectations any further steps should prove necessary, this government is firm in the conviction that the policy of concerted action after full consultation by the powers should and would be maintained in order to exclude from the beginning all possible misunderstandings.

"Moreover, this government has felt it to be a corollary of the policy of strict neutrality hitherto pursued by common accord with respect to loans to China to look with disfavor upon loans by its nationals unless assured that such loans would be of neutral effect as between the contending factions, as it has also felt that the present was an occasion where there might be invoked with peculiar appropriateness the principle of the lending governments deterring their nationals from making loans not approved as to their broad policy by their own governments in consultation with the other interested powers."

ALL IN CUSTODY BY NEXT MONDAY

That is Plan Regarding Men Indicted in Dynamiting Plots.

Indianapolis, Ind., Feb. 8.—Tentative plans for the trials of the forty or more men indicted for alleged complicity in the dynamite conspiracy in case of pleas of not guilty are entered, were discussed by government officials today. It is the purpose to delay the cases as little as possible. After the arraignment before Judge A. B. Anderson here on March 12, the trials probably will be set for hearing sometime in May, with a view of disposing of them before the summer is over.

District Attorney Charles W. Miller, who has charge of all the capiases and certified copies of indictments which are to be served on the defendants, was still reticent today as to the exact day fixed for the arrests, although it was believed the plan is to have all the men in custody by next Monday.

FIRE LOSS IN CHICAGO.

Chicago, Feb. 8.—A fireman was seriously injured and a loss of $300,000 was caused early today when fire destroyed a three story brick warehouse of the Chicago Railways company at 3907-11 Westend avenue. The origin of the fire is unknown.

ORDERS PROBE OF EVERGLADES CASE

Congress Will Get at the Bottom of the Florida Land Scandal.

MR. MOSS GETS BUSY

Washington, Feb. 8.—A formal order for a congressional investigation of the Florida Everglade land case in the department of agriculture was passed today by the house committee on expenditures in that department. Charges that Engineers Elliott and Morehouse, who were discharged by Secretary Wilson, had been victims of Florida syndicate land promoters and that official reports of the true conditions in the Everglades had been suppressed, are to be probed.

Representative Moss, of Indiana, chairman of the committee, immediately telegraphed to J. O. Wright, drainage engineer of the state of Florida, formerly connected with the agricultural department, to appear as a witness before the committee next Tuesday. George P. McCabe, solicitor of the department of agriculture, will be heard on Saturday.

"I have called upon the department of agriculture for a complete statement of the exact cost of the drainage work in the Florida Everglades," said Chairman Moss, "with a list of all employes on the work. In this statement will be included the cost of getting up the reports which, it is alleged, were suppressed. I expect that will be ready for the committee on Saturday.

Representative Pujo, of Louisiana, chairman of the house committee on banking and currency, to which the democratic caucus last night referred the proposed investigation of the "money trust," declared today that he would introduce a resolution to vest his committee with plenary powers to learn if there is a money trust in the United States.

Florida Man Hits Back.

Representative Clark, of Florida, replied hotly in the house today to a statement given out by the department of agriculture which described his presentment of the charges of suppression of facts and undue influence of Florida land promoters as "prejudiced and one-sided." "I am ready to prove," he declared, "that the secretary of agriculture told me in the presence of reputable witnesses that he suppressed this circular letter that gave the facts, at the instance of persons engaged in selling lands in the Everglades of Florida."

"I hesitated to take this action," he said, "because I looked upon the venerable secretary of agriculture more in a sense of pity than of blame. But millions of dollars have gone into the coffers of these land sharks in Florida.

"If the people want to be humbugged I am perfectly willing to let them be humbugged, but not by a co-partnership between a great government department and these land speculators."

SUPERIOR FROZEN OVER.

Calumet, Mich., Feb. 8.—Lake Superior for the first time in many years is frozen over from Eagle River to Isle Royale, a distance of 40 miles, and it is the belief of residents of Eagle River that the icefield extends far across the big lake.

Keweenaw Point people report that moose have been seen in the Keweenaw wilds during the last few days, and if this is so the animals must have crossed on the ice from Canada, as there have been no moose on Keweenaw Point for many years.

STRIKE PROSPECT FADES.

Davenport, Iowa, Feb. 8.—The threatened strike of the employes of the Rock Island arsenal collapsed today when cards were offered to a few employes and were accepted. ENTOMBED MINERS JOKE WITH RESCUERS.

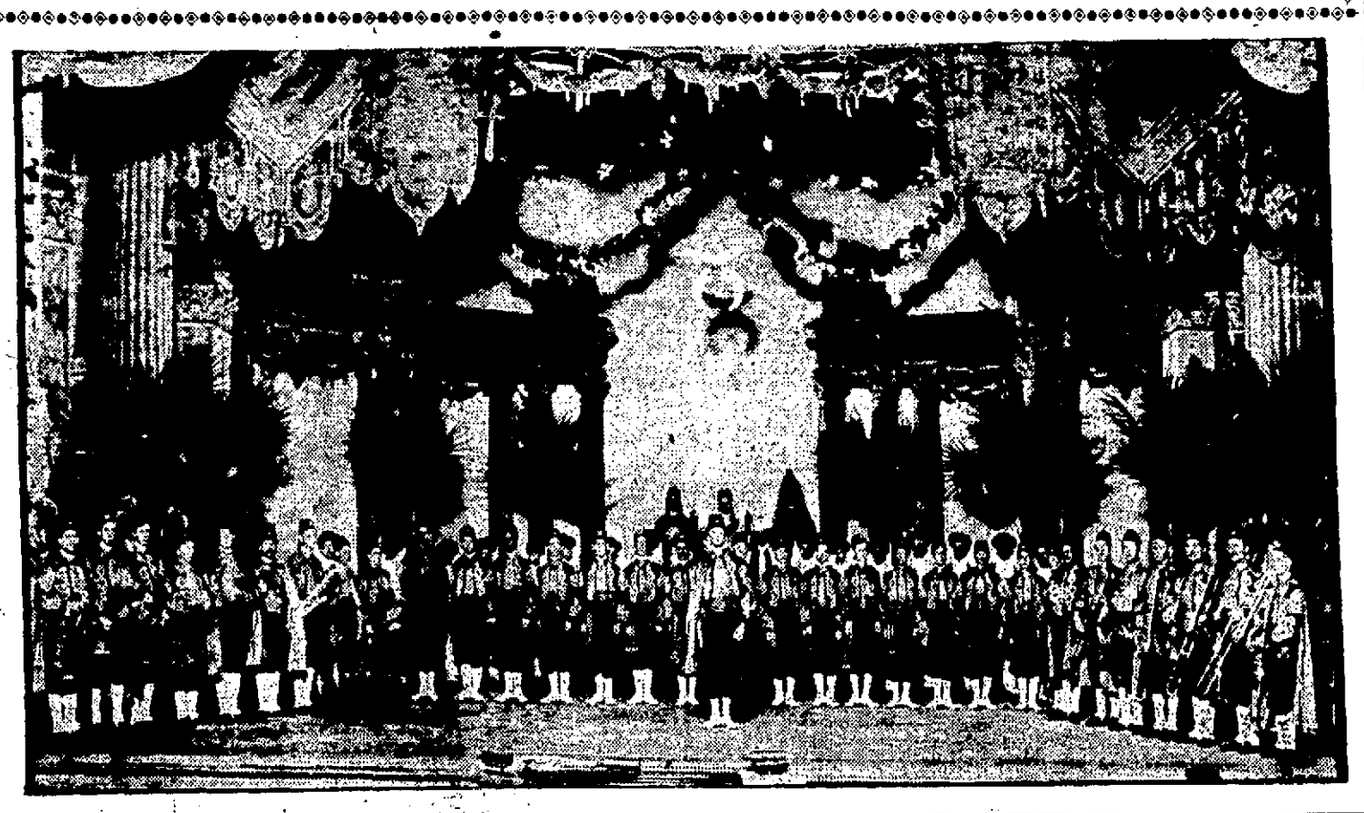
Sutter Creek, Cal., Feb. 8.—Rapid progress has been made by the rescuers working to clear the shaft of the Bunker Hill mine near here, where 69 men were imprisoned yesterday by the cave-in in the shaft. The entombed men talked and joked through the air pipes with the rescuers throughout the night.

The miners were rescued today, after a night of hard work by miners from nearby mines. None of the men was injured. They were greeted by their wives and daughters as they came out of the shaft.

FORT WAYNE MYSTIC SHRINERS IN THEIR ORIENTAL SCENE AT THE MAJESTIC THIS WEEK.



ANDERSON AUTO MAN UNDER ARREST AS AN EMBEZZLER

Charles H. Walters, General Manager of DeTamble Company, Taken at Galion, O., After Search of Two States.

Mansfield, Ohio, Feb. 8.—Charles H. Walters, general manager of the De Tamble Motor company, of Anderson, Ind., and former vice president of the Mansfield Rubber company, of this city, has been arrested at Galion on charges of larceny and embezzlement, aggregating $16,654.83.

A requisition for the arrest of Walters, who, the indictments declare, has embezzled a known total of $16,654.83 and whose alleged defalcations may reach $200,000, was honored by Governor Marshall, of Indiana, yesterday and Sheriff P. S. Carroll, agent of the state of Ohio, after a futile search for the man in Indianapolis and Anderson, started back to Mansfield after hearing a report that Walters would appear there this morning.

Nearly Year Covered.

It is alleged that the defalcations and embezzlements were accomplished while Walters was connected with the Mansfield Rubber company and later with the Anderson company, and his alleged machinations are declared to have covered a period since February, 1911.

The charges lodged against Walters by the indictments include larceny, concealing stolen property, concealing embezzled property and embezzlement. One indictment charges him with stealing $12,000 worth of 6 per cent. first mortgage gold bonds of the De Tambles company, said to have been given the Mansfield Rubber company as security for an account of the Anderson company with the Ohio concern.

Aquilla Q. Jones, of Indianapolis, was appointed trustee for the old De Tambles company, and Walters is said to have obtained the $12,000 worth of bonds from the trustee, asserting that he wished to use them as collateral. The indictments charge that he took them to Mansfield after receiving them from the trustee in March, 1911, but never accounted for them or turned them over to the Mansfield Rubber company.

Later, the indictment declares, he turned them over to certain parties who had become indorsers with him on certain paper, and representing that they had been given him for reorganizing the De Tambles company, it is alleged, he divided them into three parts, distributing two-thirds among friends and kept $4,000 of them for himself.

Obtain Information.

Finally the Mansfield company, which, it is alleged, had discharged Walters from his former position of vice president and manager, learned through correspondence that the bonds had been issued to be used as collateral by Walters. When Mr. Jones took the matter up with Walters the latter is alleged to have told the trustee that, with two others, he had become indorser on the Mansfield company's paper and that the bonds were being held by them as such indorsers. The two others disclaimed any knowledge of such an arrangement, according to the indictment.

The second indictment charged Walters with the theft of $3,340 worth of bonus stock, being kept in the vaults of the Mansfield company, subsequent to the formation of a syndicate to float for the company a loan of $50,000, needed as working capital. Under the arrangement, the company was to issue $75,000 worth of "water," according to the indictment. A syndicate was formed to take up $50,000 of the amount on notes and, as a reward to various subscribers to the stock, a bonus was to be given each in the shape of a slice of the remaining stock.

All of the bonuses had been paid, it was alleged, with the exception of one stockholder's amount, which was being kept until he should call for it. Walters, it is charged, took that stock and refused to return it to the officials of the company. Later he was discharged from the employ of the company, according to the true bills.

Charges Collection.

The third indictment brought against Walters charges that he collected an account due B. E. Chase, then president of the Ohio company, amounting to $1,-[illegible] and kept the money. Chase, the indictment declares, had a standing account with the De Tambles company in his own name.

Walters told him he would collect it and the indictment charges that the collection was made and the money placed to Walter's account with the Anderson company. He then told Chase that the Anderson company was in financial straits and assured him the money would be paid Sept. 10, 1911. Since that time evasive answers are all that have been received by Chase concerning the sum, the indictment declares.

PLEA FOR RIGHT OF FREE SPEECH

Gompers Says He Will Not Flinch If Jail Term is Necessary.

HE TALKS UP PLAINLY

Washington, Feb. 8.—"The speeches I made during 1908 were in support of the candidate and party which promised the labor movement relief from the system of federal injunctions which has grown up. They voiced my political beliefs. I made those speeches because I believe in the right of free speech. If, because of the exercise of that right I must go to jail, and I would feel the loss of my liberty keenly, I will face that jail sentence and will not flinch."

Samuel Gompers, president of the American Federation of Labor, made that statement today in the supreme court of the District of Columbia, where he is on trial for contempt. He admitted that he made speeches in Indianapolis and Baltimore which attorneys, who are prosecuting him, insist were contempt of court.

At Indianapolis he was reported to have said: "I am enjoined from discussing this case (The Bucks Stove and Range company case). I may go to jail for discussing it. But I shall discuss it. If I do not I shall explode."

Mr. Gompers today disregarded the instructions of his counsel. Alton B. Parker, and answered questions which he could have avoided by strict court procedure. He also assumed responsibility for a publication in the American Federationist which said: "Labor will triumph in the end and crush all the Van Cleaves." This referred to J. W. Van Cleave, president of the National Association of Manufacturers. When asked to explain, he said it was a figure of speech. Attorney Darlington asked him to particularize.

"This was written by an honest, horny-handed son of toil, a boilermaker—he is not a lawyer nor a writer," said Mr. Gompers.

The prosecution will finish with Mr. Gompers late this afternoon and John Mitchell, vice president of the American Federation of Labor, will go on the witness stand. Mr. Mitchell was sentenced to nine months in jail. Mr. Gompers was sentenced to a year.

FOUR MEN GIVEN CHANCES TO IMMORTALIZE THEIR NAMES

Park Board Believes That There Are That Number Who Ought to Buy and Donate Land.

In its annual report to Mayor Grice the park board of Fort Wayne suggests that there are four golden opportunities offered for four citizens of means to immortalize their names by purchasing and donating four big tracts of land to be used for park purposes.

Commenting on the fact that "nobody loves a millionaire" and setting out the reasons for it, the report calls attention to the fact that it is better for men who want to be known as philanthropists by posterity to give park property than to erect marble shafts and mausoleums, because the latter serve only selfish purposes and do not afford the same general opportunities for enjoyment as flowers, trees and the restful influences that grow out of a city's beautified recreation spots.

A review of the work of the board shows in the first place the securing of a law that only applied in former years to Indianapolis, under which the city can be divided into park districts and assessments levied much after the fashion employed by the board of public works in making its improvements.

Will Not Work Hardships.

That this will not work any great hardships is emphasized by the recital of the clause of the law which limits assessments to fifteen per cent. of the actual value of land without counting the improvements and that any tax of $10 or more may be bonded and paid in installments.

This method is needed, says the report, because the ordinary revenues derived from taxes fixed by the city council at the time it approves the annual appropriations is not sufficient to accumulate as rapidly as the city demands the park property that is needed to keep Fort Wayne abreast of the times.

Attention is called to the inauguration of a card system in the office of the board, by which the names of the owner of every piece of property in the city is kept along with the postoffice address and the assessed valuation.

Fortunate for Movement.

In taking up and discussing the city beautification the report says it is fortunate that the assistance of Charles H. Worden and Robert B. Hanna was enlisted and refers to them as enthusiastic and indefatigable workers.

The Zuebelin lectures, the work of Charles Mulford Robinson, a visit to Indianapolis to view the beautification there and the creation of river front commission are cited as evidences of the advancement that has been made. Then came the assessment of 4½ cents for carrying forward the work, the engagement of George E. Kessler and of Metcalfe and Eddy and the collection of a fund of general information, carefully made plans by experts and the launching of the scheme of issuing $200,000 of bonds to acquire the river front property.

The danger of delay in buying this property is cited along with the experience of Indianapolis, which bought it in small strips and had to pay dearly for it because prices advanced as the work progressed. To take care of the interest on these bonds will require only twelve cents per capita, according to the report.

Cities that have adopted this method are profiting by it and a number of specific instances are set out in detail giving exhaustive figures to prove they have been the gainers.

Not Enough Park Land.

Fort Wayne has now 145 acres of park land, which means that each acre must serve for 455 persons, while modern experts say that there should be an acre to each hundred. This means that the city ought to have total acreage of 600 to be up to the standard.

The railway approaches to the city are termed disgraceful and a park extending a distance of a mile along the Maumee river is suggested for the Eighth ward. Another for the southeastern section, a third, St. Mary's river south of the new pumping station, and fourth in the northeastern portion is recommended by the board.

Theodore F. Thieme is praised for his step in beautification at the West Main street bridge. The completion of a pavilion at Swinney park and the addition of sanitary comfort stations are recorded with a recommendation for a band stand.

A review of the work done and proposed at Lakeside park, at the Guildin play grounds and in securing an office force, an engineer and assistants is all summed up in a very thorough review of what has been done, what will be done and what ought to be done.

ROOSEVELT SAYS HE'S NOT DESERTER.

New York, Feb. 8.—"I don't believe that even my biggest enemies will say that I was ever a deserter," Col. Roosevelt told A. P. Moore, publisher of the Pittsburg Leader, today, according to an interview given out this afternoon by Mr. Moore.

"You can say to the progressives," Mr. Roosevelt is quoted by Mr. Moore as saying, "that I will not desert the cause and that they will find me fighting side by side with them to the finish."

HITS AT HOUSE STEEL SCHEDULE

Schwab Says He Will Cash in and Quit If It is to Be Law.

HE THINKS IT MENACE

Washington, Feb. 8.—Charles M. Schwab, the steel magnate of Bethlehem, Pa., testified today before the senate finance committee on the probable effect of the house democratic steel bill. He said the Underwood rates on larger steel products would be of most serious consequence to the steel business in the eastern states, and undertook to make plain his attitude.

"On many occasions I have said that with equal conditions, steel could be made as cheaply in the United States as in any other country," said Mr. Schwab. "This has been construed into a statement that steel is made as cheaply here as elsewhere. That I have not said, and I do not say. With the same conditions, especially with labor as cheap, we ask no protection. But the labor account weighs heavily against us. Only 100 miles from New York it costs as much to put over steel here as it does to bring it from Holland. I consider the present tariff rates necessary to the prosperity of the steel business. Most emphatically, I am opposed to any reduction."

Mr. Schwab went on to say that with-

FOOTPRINTS IN SNOW EVIDENCE

Play Important Part in Case Against Baade at Logansport.

SOME INDIANA NEWS

Logansport, Ind., Feb. 8.—Footprints in the snow form a link in a chain of circumstantial evidence which will either convict or acquit Conrad Baade, age 40 years, who is on trial charged with burning the old Georgetown mill, west of Logansport, which was owned by Noah Frick, age 65 years. The mill was burned on the night of February 19, 1910, and neighbors who were aroused by the fire, found footprints in newly fallen snow which led away from the mill and upon the front porch of the Baade residence, several hundred yards away. At the rear of the house were footsteps which led to an oil can in the barn yard and then across the field to the mill. Enmity existed between the two men for years. The creek from which the mill got its water power runs through Baade's farm, and he contended that the dam backed up the water and caused it to overflow and damage his property.

MARATHON DANCERS QUIT.

Endurance Stunt at Richmond Ends Only by Agreement.

Richmond, Ind., Feb. 8.—Seventeen couples in a marathon dancing contest went on the floor of the Colloseum at 10:15 o'clock last night and at 7:30 o'clock this morning three couples out of the seventeen that started were still dancing. By agreement they left the floor and the prize money was divided. Four women participants became exhausted during the contest and fainted as they were being taken from the floor. Several other dancers were forced to cut the lacings of their shoes because of swollen feet. The winners were Russell Cummins and Blanche Cooke, Walter and Isabella Bass, Warren Ettor and Mrs. Trieva Evans. Two thousand persons saw the dancers begin the contest, but less than a dozen remained for the finish.

WILL MAKE NOISE ABOUT IT.

Dr. Hurty After Teacher Who Smokes in Schoolroom.

Indianapolis, Ind., Feb. 8.—Dr. J. M. Hurty, secretary of the state board of health, is seeking the identity of a school teacher in Seymour who, according to a report to the secretary, has been smoking in his school room after school hours and holding meetings in the room with others who smoke and leaving cigar and cigarette stubs about the room.

"When I get his name," declared Dr. Hurty, "I am going to make a noise about it. Let the teachers smoke of they wish, but not about a school building. I hold that a man who will use his school room for a smoking room is wholly unfit to be trusted with the care of pupils."

MORE DOCTORS LICENSED.

Indianapolis, Ind., Feb. 8.—The state board of medical examination and registration today added to the list of successful applicants for physician's licenses in the January examination the names of E. G. Branderburger, of Evansville, and A. P. Hause, jr., of New Albany, making twenty successful applicants with three failures.

The Hendricks County Medical society, which filed charges of gross immorality against Dr. Harry S. Osborn, formerly of Pittsboro now of this city, failed to bring forward any witnesses in support of its charges when the case came before the board for hearing. The only evidence submitted against Osborn was a certified copy of the findings of the Hendricks county circuit court in a divorce proceeding brought by Mrs. Osborn several years ago. Dr. Osborn presented a number of character witnesses whose evidence was heard. The board continued the case to enable the medical society to present additional evidence if it desired to do so.

DOCTOR'S CASE PUZZLES.

Winchester, Ind., Feb. 8.—Dr. Morton L. Hunt, brother of Bader S. RUSH TO FINISH LORIMER INQUIRY

Wiehe Explains Dealings With the Young Canadian.

MORE OF MR. M'GOWAN

Washington, Feb. 8.—Charles McGowan, the young Canadian who gave testimony favorable to Senator Lorimer before the senate investigating committee, was charged by private detectives with having perjured himself and having been paid for it by C. F. Wiehe, and who has repudiated those charges, continued as a witness today.

McGowan's testimony was hurried as the committee has instructed attorneys for both sides that the taking of testimony must be expedited and the hearings closed.

Dr. J. P. Jupp, of Toronto, was called to testify that McGowan was not in the room with the detectives at the hour they swore he admitted having received money for "perjuring" himself. John McGowan, father of young McGowan, told of Detective Wm. J. Burns asking him to come to Toronto to talk about his son's testimony. After promising to go, McGowan said he decided not to.

C. F. Wiehe, secretary of the Edward Hines Lumber company, told of his dealings with young McGowan. He said he knew no subpoena could bring McGowan from Canada to Washington and it seemed reasonable to pay him for his actual losses.

HITS AT HOUSE STEEL SCHEDULE

(Continued from Page One.)

out protection he would want no financial interest in the steel business and he would regard as wasted the $35,000,000 which recently had been invested in his business.

Will Cash in and Quit.

"After all my work and the investment of my fortune I have never taken a penny out of the industry and have never paid a dividend, and if the proposed tariff is to be the law I repeat that I shall cash in," said Mr. Schwab in closing his general statement.

"I haven't made sufficient profit to feel justified in taking money out of the industry," he added.

"What is your salary?" asked Senator Stone.

"Oh, I haven't any," replied the witness, laughing. "I don't mind telling you why I am in this work. I don't need the income. I have no heirs, no children to leave anything to. I want to build up a successful enterprise; but I want to say that if the house bi passes I shall drop it."

Mr. Schwab admitted that he got less for the steel exported than for that sold here. "At times we even sell abroad at a loss," he said, "because the average cost of a large production is less than that of a small production; it is necessary to maintain the output to keep the machines going all the time."

Mr. Schwab said that pig iron could be made in China for $7.50 per ton, and that he was importing iron from there for his San Francisco works rather than ship from Bethlehem, Pa.

Steel rails cost in this country from $22 to $23 per ton and in Germany about $18 or $19. Mr. Schwab defended the seven days a week system of work in the steel industry, saying it was the system throughout the world and that a change could not be made by any one manufacturer. He agreed with members of the committee that there should be a change and expressed interest in an experiment now in progress to that end.

Mr. Schwab said that with free access to American markets, Germany would have a decided advantage over American rail manufacturers on the Atlantic coast and expressed the opinion that "under the present depressed condition" no independent steel business could make money.

Would Not Discuss It.

Mr. Schwab refused to discuss with Senator Simmons Andrew Carnegie's statement that the steel duty could be abolished. "I must refuse to discuss any opinion of a man who has been so near and dear to me as Mr. Carnegie."

"It is a case of armed neutrality, then?"

"No, not at all. Mr. Carnegie has been a father to me." He went on however, to say that especially in the east the steel industry does need protection. "Most emphatically I am a protectionist," he said.

Mr. Schwab admitted that Mr. Carnegie did not have as much practical knowledge as he of steel making.

"Has Mr. Carnegie ever interested himself by studying out the details of the business?"

"No; but he had a fine general knowledge of the business and he showed the greatest wisdom by giving half of what he earned to the men who made his business successful."

When Senator Stone remarked that Mr. Carnegie had accumulated an enormous fortune, Mr. Schwab said: "Not half as much as he has deserved." The Missouri senator said he thought that "four hundred or five hundred million was a pretty good pot."

A DESCENDANT OF MILES STANDISH

Mrs. L. Standish Ford Dies After an Extended Illness.

LIVED HERE A YEAR

Mrs. Lillian Standish Ford, aged 55 years and 4 days, wife of Charles F. Ford, died Wednesday night at the Lutheran hospital, where she had been a patient for the past five weeks. Mrs. Ford had been ill for several months, and was removed to the hospital five weeks ago and operated on the week after she was taken there.

The deceased was born in Waldoboro, Maine, Feb. 3, 1857, and is said to have been a lineal descendant of Miles Standish, being of the eighth generation. She resided in Boston nearly all her life, moving to Minnesota with her husband and remaining there six years, and then moving to Troy, N. Y., and remaining there for three years. A year ago Mr. Ford was called to Fort Wayne to accept a position as general manager of the Old Fort Knitting mills, a position which he held until three weeks ago, when he resigned. Since moving to Fort Wayne Mr. and Mrs. Ford had made their home at the Hamilton house on West Berry street. The deceased is survived by her husband and one son, Howard Standish Ford.

THOMAS.

Mrs. N. J. Thomas, aged 83 years, 10 months and 11 days, widow of the late Rev. Michael Thomas, died Tuesday night at her home in Cedar Creek township. The deceased was born in Green county, New York, March 28, 1828, and came to Fort Wayne with her parents, Riley and Polly Griswold, when a small child. She was united in marriage in 1849 to Rev. Michael Thomas, who died April 7, 1880. Eleven children were born to the union, six of whom survive. They are: M. C. and J. F. Thomas, of Oklahoma; C. R. Thomas, of Orland; Mrs E. V. Ashley and Mrs. E. M. Paff, of Allen county, and Mrs. E. E. Foster, of Wolf Lake. Two brothers and one sister, Ashley and Joseph Griswold and Mrs. Ann E. Waring, all of this county, also survive. The deceased was a member of the United Brethren church.

Funeral services were held Thursday morning from the residence at 10 o'clock, thence to the Cedarville M. E. church at 10:30 o'clock.

FRED M. GRAHAM GOES TO CHICAGO

Pennsy Division Engineer Given Substantial Promotion.

SCOTT COMES HERE

F. M. Graham, for a number of years division engineer of the Western division of the Pennsylvania, has received the appointment of a similar position on the Chicago terminal division, a much more important office because of the character and volume of work performed by the maintenance of way department there. Guy Scott, division engineer of the Toledo division, will succeed Mr. Graham. The position at Chicago has been vacant since January 1, when J. W. Barrier resigned. While this announcement will be received with delight by a large number of people in this city, it will come as no great surprise to them, for those familiar with the situation considered Mr. Graham the most logical appointee for the Chicago job and believed that he would receive it. He is rated highly in maintenance of way circles.

WILL SAIL FOR GERMANY.

Banker Morse, Out of Prison, Will Take Cure at Bad Nauheim.

Washington, Feb. 8.—Charles W. Morse with his wife, his sister, Jennie, and Dr. A. L. Fowler, of Atlanta, passed through here at 10:40 this morning on his way to New York.

The former banker was, dressed and sitting up in his drawing room and had taken breakfast brought in from the dining car. Morse declined to see any interviewers, as did Mrs. Morse, but Dr. Fowler did the talking for the party.

"Mr. Morse has nothing to say because he wants to get out of the limelight as quickly as possible," said Dr. Fowler. "I do not know where he will go when he reaches New York, but within ten days he will sail for Germany to take the cure at Bad Nauheim. He seems to be in fair condition and good spirits."

The Morse party attracted little attention on the train and none but Dr. Fowler had left the drawing room on the ride from Atlanta.

ASYLUM INMATE NOT KIMMEL.

St. Louis, Mo., Feb. 8.—The taking of oral testimony in the case of a defunct Niles, Mich., bank against an insurance company of New York in which $30,000 insurance and the identity of George A. Kimmel are involved, began in the United States district court here today before Judge Amidon. Mrs. Andrew J. Hunt, former neighbor of Kimmel in Omaha and Arkansas City, Kas., was the first witness. Mrs. Hunt was the first woman to go to the Matteawan, N. Y., asylum for the insane in 1906, in an effort to identify a man held there under the name of Andrew J. White as George A. Kimmel. She testified that the prisoner in the asylum was not Kimmel.

BODY WILL ARRIVE TONIGHT.

The body of Howard Wesley Sams, the G. R. & I. engineer who was killed in a wreck near Kalamazoo, Mich., Wednesday noon, will arrive in Fort Wayne this evening at 6:55 o'clock and will be removed to the home on Pennsylvania avenue.

WABASH SETTLES UP DAMAGE SUIT

Pays Edwin A. Orr $2,500 for Injuries Sustained in Runaway.

GET A COMPROMISE

Twenty-five hundred dollars was accepted today by Edwin A. Orr in settlement of his claim against the Wabash Railroad company for injuries sustained about two years ago when a horse he was riding and two he was leading were scared by a train and ran away with him.

The case was tried in Bluffton and Orr, through Attorneys Colerick and Hogan, obtained a judgment for $3,000 and the company took an appeal, but compromised today. The case will be closed up and the company will pay the costs.

About two years ago Orr started out to lead some horses to Bluffton. At Fairfield avenue the Wabash watchman lowered the gates to allow a train to pass and then raised them and signaled Orr to come ahead. The same train backed down on him and frightened the horses and they ran and collided with a Pennsylvania train, throwing Orr off and inflicting severe injuries.

Weilert Gets a Decree.

In the circuit court Charles H. Weilert was given a divorce from Sylvia N. Weilert. She was given custody of their children and the husband ordered to pay for their support.

Suit to Construe Will.

Frederick L. Keller has entered suit in the circuit court to obtain a construction of the will of Frederick Keller, who died July 30, 1864. His will was never probated until 1878 and it provided that a farm he owned be maintained for the support of his widow during her life and at her death to be kept for the support of Samuel Keller, a son, who died last December without issue.

There are about 200 heirs and the administrator of the estate does not know whether all share in the estate or whether it is to go only to the children and grandchildren of testator. Harry H. Bilgemann filed the suit.

Seek a Receiver.

A receiver is asked for the Harlan Horse company in an action filed by Orin H. Lake, Erven Knight and Noah Amstutz against Charles A. Repp and Aaron Reichelderfer. Objection is made to the sale by Repp of his interests to Mr. Reichelderfer without the consent of the other partners in the concern.

Refused to Attend Duties.

Charging that his wife declined to attend to her household duties Joseph Hoehm is seeking a divorce from Catherine Hoehm. He also charges that she called him vile names.

Fined for Assault.

In the court of Justice Graebner this morning Martin Boyles pleaded guilty to assault on Mary Roush and paid a fine of $1 and costs.

M'KINLEY AGAIN CHOSEN.

Washington, Feb. 8.—Wm. B. McKinley, of Illinois, was today re-elected chairman of the republican congressional committee. These other officers were elected: Representative Charles H. Burk, of South Dakota, vice chairman; Representative J. Hampton Moore, of Pennsylvania, secretary, succeeding the late H. C. Loudenslager, of New Jersey; Representative George W. Fairchild, of New York, treasurer; Representative Wm. J. Browning, of New Jersey, auditor; Henry Casson, of Wisconsin, assistant secretary; John C. Eversman, of Illinois, assistant treasurer; Francis Curtis, of Massachusetts, director of the literary bureau. Resolutions on the death of Mr. Loudenslager were adopted.

TAFT CONFIDENT OF RENOMINATION

Thinks He Can Defeat Any Man Democrats May Put on Ticket.

AND EXPECTS TO WIN

Washington, Feb. 8.—That President Taft is personally confident that he will be renominated was asserted by white house visitors who talked with him today.

The president is reported to have said he was convinced that he could defeat any man the democratic party could nominate. He is said also to have amplified his statement that "Nothing but death" could keep him out of the contest for the republican nomination, leaving no doubt in the minds of his visitors that he expected to get the nomination and that he expected to win in the election.

According to callers the president believed the business men of the country would support him. The president remained in his study today, preparing the speech which he will deliver on his trip to New York next Monday. Friends are looking for a spirited speech which will clearly define the issue between the regulars of the republican party and the progressives.

ENDS DYSPEPSIA IN TEN MINUTES

Heartburn, Gas, Indigestion and All Stomach Misery Vanishes.

There would not be a case of indigestion here if readers who are subject to Stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourest acid stomach in five minutes, besides overcoming all foul, Nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapepsin, then you will readily understand why this promptly cures Indigestion and removes such symptoms as Heartburn, a feeling like a lump of lead in the stomach, Belching of Gas and Eructations of undigested food, water brash, Nausea, Headache, Biliousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your Stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and besides, one 50-cent case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Pape's Diapepsin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house. adv

EX-CASHIER SUES THE DEFUNCT BANK

Action in Huntington Circuit Court by R. K. Cochran on Breach of Contract.

Huntington, Ind., Feb. 8.—R. K. Cochran, who was cashier of the defunct People's State bank here, now employed in the First National bank at Fort Wayne, has brought suit against J. W. John as trustee of the bank in the Huntington circuit court, alleging breach of contract and asking for damages in the sum of $1,900.

In his complaint Cochran alleges that he signed a two-year contract with the directors of the People's State bank, which stated that wages to be paid him during that would amount to $2,400, or $1,200 each year. He alleges that defendants by discontinuing business have committed a breach of contract in that they have not given him employment for the time stipulated.

The complaint also contains information that the bank was organized under the laws of the state of Indiana prior to June 21, 1911, and on that date they opened to do a banking business. That on November 23, 1911, the directors voted at a meeting to discontinue business, which was done immediately. At that time J. W. John, president of the bank, was appointed trustee by Judge Cook, of the local circuit court, to settle up the business. Therefore the suit is against Mr. John.

REMAIN AT LAFAYETTE.

National Headquarters of Brotherhood of Painters' Union.

Lafayette, Ind., Feb. 8.—Announcement has been made that the Brotherhood of Painters, Decorators and Paperhangers of America will continue to have its general headquarters in Lafayette for at least two years more. The organization has signed another contract with the Burt-Haywood company for the printing of its Painters' Journal, the official publication of the union, which has a circulation of 70,000 copies, and goes to all parts of the world. There was lively bidding for the printing contract, but the bid of the local company was decided to be the lowest and best, and the headquarters are to be retained in Lafayette. There were seven bids in competition with Lafayette, and several cities offered liberal inducements to secure the headquarters of the brotherhood. The union is now in the most prosperous condition in its history. With a membership of 75,000, showing the remarkable growth of 47,000 in the last ten years, the organization contemplates still greater growth in the next decade.

HEIRS IN LAW CASE.

Fighting for Their Rights in Big Coulter Estate.

Columbia City, Ind., Feb. 8.—One of the most interesting cases started in the February term of court was that of the Coulter estate, in which heirs on both sides are fighting for an alleged right to dividends. Mrs. Elizabeth Coulter died a few years ago in Smith township, and her son, Evan, was appointed administrator. About two years after the death of his mother he also died, and it is alleged by the other heirs of Mrs. Elizabeth Coulter that the administrator did not account for all funds from the estate that came into his hands.

REFUSED LICENSES.

Test Case in Regard to Another Saloon at Columbia City.

Columbia City, Ind., Feb. 8.—Charles M. Spencer, P. F. Miner, Ed Young, J. H. McCarty and W. C. Strauss, all of this city, and Dan E. Lung, of Churubusco, who made application to secure a liquor license at the February term of court, were refused when the board of commissioners decided that they had no authority under the present statutes of Indiana to grant a license.

The theory on which the applications were made was an opinion of Attorney General Honan, of Indianapolis, who holds that another saloon can be established where there is a fraction over the population limit.

KILLS THE DANDRUFF GERM

Stops Falling Hair—Others Imitate and Make Similar Claims, but the Genuine and Original Dandruff Germ Destroyer is Newbro's Herpicide.

The discovery of the dandruff germ as the cause of all hair troubles is not a recent event. Prof. Unna gave the germ theory to the world in 1887 and two years later Sabouraud by his experiments with a rabbit proved beyond a doubt the actual existence of this germ.

On the heels of this establishment of the germ theory came the discovery of Newbro's Herpicide. This was the first and only remedy for the destruction of the dandruff germ.

There have been other preparations alleged to kill this germ, stop falling hair and itching of the scalp. But Newbro's Herpicide really does these things. For this reason it has long been known as the original remedy and the only one that is genuine.

Don't be fooled by preparations which are trading upon the marvelous success of Herpicide. Remember you take no chances with Newbro's Herpicide. It is absolutely guaranteed.

For sale by all druggists.

Applications at good barber shops.

The Herpicide Company, of Detroit, Mich., Dept. R., will send a sample bottle and booklet upon receipt of 10c in stamps. Bradley Bros., 627 Calhoun, special agents.

DEKALB VOTERS WANT COUNTY UNIT

Will Vote for Men Known to Favor the Re-enactment of the Former Law.

Auburn, Ind., Feb. 8.—Representatives from both political parties met in Auburn Tuesday night to discuss the advisability of placing an independent ticket in the field in DeKalb county this year. Men friendly to the non-partisan movement from Butler, Garrett and Waterloo were present.

A temporary organization has been effected, with Carl Gerner, of the Auburn Dispatch, but living in Waterloo, as president; Dr. C. S. Stewart, secretary, and F. E. Eckhart, treasurer, the two latter of Auburn.

It is understood that more than 500 voters have already signed pledge cards which agree to work and vote for men who are known to be friendly to the re-enactment of the county option law. The secretary, Dr. Stewart, says that the work has only started and many more signatures will be secured.

An omni-partisan convention will soon be held in this city at which time addresses will be made by ex-Gov. Hanly and other prominent men of both parties.

The Fin-de-Cicle society, the oldest social organization in the village, met Monday evening at the home of Mrs. D. E. Hackedorn, on East River street. The history lesson for the evening was presented by Mrs. W. H. Grier, being a picture of Norwegin life. Miss Caroline Harris had charge of the magazine review. Mrs. Hackedorn, the hostess, served a dainty lunch and the evening was vot l a pleasant one.

Frederick Guy Strickland, socialist orator and all-round entertainer, will be an attraction at the Auditorium soon.

The coal famine at this place was broken Tuesday by the arrival of a car of stove size hard coal and our citizens lost no time in "getting next" to enough of it to keep the coal stove doing business for a while yet.

A deal was made the last week whereby Grant Shimer becomes owner of the Armstrong cottage on West River street. Grant, having lately sold his farm northwest of town, will retire from active farm life and become an Antwerp resident.

Miss Luey Crawford, who has been an Antwerp resident at the home of Jacob Dunderman several months, returned to her home near Cecil Saturday. Her sister, Miss Clide Goshorn, accompanied her home for a few days' visit.

HUNTINGTON POORHOUSE.

Plans Accepted for Remodeling of the Old Building.

Huntington, Ind., Feb. 8.—Plans for remodeling the county infirmary submitted to the board of county commissioners by M. D. Brinneman were adopted Wednesday afternoon. The plans are in accordance as nearly as possible with the recommendation of the state board. An immediate advertisement for bids will be put out. The remodeling of the county infirmary comes after several years of hard work on the part of health officials, grand juries, clubs, private individuals and the authorities.

TABERNACLE BUILT.

Evangelistic Meetings Begin at Auburn Next Sunday.

Auburn, Ind., Feb. 8.—The tabernacle in which the evangelistic meetings of the Christian church are to be held is completed. The walls on the inside are covered with paper and a good floor underlaid with sawdust is a good protection against the cold. Plenty of stoves will be provided to keep the building warm. The Snodgrass Evangelistic company begin the special services next Sunday.

Household Economy

How to Have the Best Cough Syrup and Save $2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add ½ pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2½ ounces of Pinex (50 cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for $2.50. It keeps perfectly.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc.

Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the healing pine elements. No other preparation will work in this formula.

This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you.

Children don't care!

If they did care they would forget!

Wrigley's SPEARMINT makes it easier for them to care for their teeth than not to care.

If your children chew it every day, the friction and the mint leaf juice preserve their teeth indefinitely.

While they chew it they also help digestion. Most children don't chew food properly—don't create enough saliva. Chewing this dainty helps digest the "gulpings."

And all this applies to you—Mr. or Mrs. or Miss!

M'CABE IN THIS, TOO.

What the department of agriculture seems to need is a thorough combing out from top to bottom, from edge to edge. A finer old gentleman is not in all the world than Uncle Jim Wilson, but it must be manifest that his usefulness has greatly waned and that the energies and vigor of a younger man are needed in that department for the next few years. Hardly have the scandals of the Wiley conspiracy been exposed and cleared away than this Florida land-grafting scheme comes to the front, with potentialities for sensations and shocks that the Wiley affair did not possess. It is possible, of course, that nothing wrong underlies this land case, but the involution of Solicitor McCabe in this, as in the Wiley conspiracy, gives it prima facie a bad look. President Taft can do not better thing for the credit of his administration than to make a cleaning in the department of agriculture. It would relieve him of the stresses of a delicate situation if the friends of Secretary Wilson could quietly prevail on that amiable old gentleman to resign and give the president an opportunity to get at a task which greatly needs executive attention. A fine running start can be made in that direction by diligent separation of Solicitor McCabe from his official scalp. Mr. McCabe may be in all ways a fine man and a capable officer, but he has temperamental deficiencies and an affinity for trouble that handicap him in his scintillant course. Perhaps there is something on the Island of Guam or in the Ladrones or in our big archipelago farther on that Solicitor McCabe could solicit. A recent trouble among the head hunters of Northern Luzon was reported. Perhaps there is some fashion Solicitor McCabe could pacify these Igorrote turbulents. Anyway, Mr. McCabe ought to go.

A FINE OPPORTUNITY.

It is an inviting opportunity the board of works now has to develop a splendid municipal efficiency where none has ever existed. It has made a garbage collection contract that the council may refuse to ratify and that if ratified would no doubt prove no more satisfactory than previous contracts. For a moderate outlay of money the board can procure the necessary equipment to proceed with municipal collection. Fort Wayne never has had efficient garbage collection, and under the handicaps that attend the making of municipal contracts never will have. The board can begin this thing and from the first make it better than the city has ever known, even if it should fall considerably short of first-class efficiency. But efficiency would come with experience, and before the year expires something worth while will have been accomplished. Next year additional equipment and further experience will add to the excellence of doing this thing. The garbage must be collected, and it must be collected better than it ever has been taken care of here. The only assurance the board can have that this will be done is to go at the work itself. It is an opoprtunity the city government has to make good in a single way. There ought to be no fear of the consequences; there ought to be no hesitation. And if the board cannot make a contract, what is it going to do about it?

The southerners in congress are increasing in the determination of their hostility to pension legislation. Most of the southern members of the house voted against the Sherwood dollar-a-day bill, and now it is said that profiting by his experience as secretary of the interior under President Cleveland, Senator Hoke Smith, of Georgia, will make a vigorous fight upon the special pension seekers and will hold up the omnibus claims bill now pending, which carries about five hundred of these pension claims If necessary, he will call for the record in each case to be admitted to the senate in open session for discussion. "I am against having the government pay any pension to a deserter," said Senator Smith. "I am opposed to special pensions in ninety-nine cases out of a hundred, believing such payments are an injustice to the men who really deserved to be pensioned." Senator Bryan, of Florida, wants the names of the six hundred thousand pensioners now on the rolls drawing $162,000,000 a year published to the world. He also is opposed to the Sherwood dollar-a-day pension bill.

Samuel Gompers told the district court in Washington that blanketed him with an injunction to "go to" with its restraining order, and he was sentenced to jail. Mr. Gompers explains that the words were used in a distinctly "Shakespearian sense" and with no purpose to be employed offensively. This, as distinguished from a "Pickwickian sense," has some merits to its superior account. The court misunderstood, however, and supposed the great labor leader was consigning it to a climate several degrees warmer than the scene of the land scandals in the agricultural department. Mr. Gompers should have explained at the time. He might have spared a deal of trouble.

The New Jersey democracy is split against Governor Wilson. The Ohio democracy is split against Governor Harmon. The Missouri democracy is split against Speaker Clark. The democratic party in the nation is badly split against Leader Underwood. Mr. Bryan doesn't like him. Governor Marshall has his unbroken party in the state back of him, and he can carry Indiana by as large a majority as it gave Roosevelt in the melancholy year of nineteen four. That will mean a lot to the convention when it is face to face with its job.

One of these days a grizzled old warrior with his kit labeled Diaz will be dropping down among the old neighbors and other friends in the City of Mexico. And then there will be some real doings in the pacification line on the northern edge of the line. The old dictator was a despot from skin to marrow, but he knew what was good for his people, and he gave it to them unfailingly.

A short time ago it was announced that The Colonel and his presidential protege had a perfect understanding. Possibly it was true then, and may be yet. If so, the understanding must have been that at the proper time Mr. Taft would get out of the way to avoid being run over.

Mexico evidently is entering upon another season of revolution. Revolt is becoming general in the north, and of course it will spread. It is a pity, for it proves that the tyranny with which they were governed by Diaz was the best that the people deserved.

Senor Madero has all the chance in the world to know just how badly he made his benevolent and patriotic predecessor feel.

It looks more and more as though that spontaneous call to The Colonel is going to be made to come forth whether it wants to or not.

COMMUNITY CENTERS.

(Dayton News.)

The community center is something which the country is likely to hear a great deal more of in the future than it has ever heard in the past. In fact, it is a proposed reform that is being advocated every day by increasing numbers of people.

What is known as a community center is a consolidation of country schools at some central point, together with the churches of the neighborhood transferred to the same place—a sort of little educational and religious center for the people of a given territory.

It is claimed by persons who have studied the matter that it is a reform of untold advantages. They allege that with the consolidation of several district schools at a central location, and then with the houses of worship clustered about, there will come a demand for the best of roads leading from all parts of the community to the center; that the schools will be better, and that they can be more economically conducted; that the problem of transporting the pupils to and from the schools will be solved all the quicker, and that in addition to the schools and churches there will shortly follow various kinds of neighborhood meetings and discussions. In short, the community center will become a social center, tending to make life in the country altogether more enchanting.

The agitation of the community center is in line with the tendency of the times. There is also going on an agitation for the social center in the city—and several cities have actually adopted the policy of turning the schoolhouses into social centers. The whole trend is back to the New England town meeting custom, when the people used to gather in the town hall or other place of meeting and discuss public questions. It has many advantages—this thing of getting together in the neighborhood and discussing matters of interest to all—and if the community centers for the rural community is properly worked out there is no reason why great good should not follow, just as much benefit is bound to result from the social center in the city.

AS OTHERS SEE US.

(Toronto World.)

That an investigation into the so-called money trust would not be amiss is indicated by the furious opposition of the New York Sun. The Sun is supposed to be controlled by J. P. Morgan & Co., and that firm is a prominent partner in the trust.

The Henry resolution, which probably will pass the house of representatives, has the approval of Col. William J. Bryan and seeks to examine minutely into the many grave charges already made before the committee on rules. That Samuel F. Untermyer, one of the great corporation lawyers of the country, should declare that certain financial groups through their control of banks and trust companies effectively prevent any competition among the great industrial and other trusts is too serious to be lightly passed over. Mr. Untermyer seems to know what he is talking about, and the Sun is shrewd enough not to provoke him to further disclosures. Instead it berates Mr. Bryan and the democratic members of the house who favor the Henry resolution. It refers to the "Bedlam of Bryanism," and in effect declares that it will desert the democratic party should that party insist upon the proposed investigation.

"At the bidding of the man," so says the Sun, "who has been for nearly his own sacred number of sixteen years the evil genius of his party, his partisans in the house of representatives are trying to force an investigation wilder, more vagrant, far-reaching, miscellaneous and variously irrelevant than even old experience of the long charivari against the 'money power' at present the 'money trust,' could expect."

That is all very well, but one of the first things the Henry committee will do will be to find out who owns the New York Sun. Before the committee gets through it will have quite a pretty list of bankers, editors, lawyers, judges and politicians who are directly or indirectly on the pay roll of the money trust.

TO PEOPLE OF FORT WAYNE WHO HAVE CHILDREN.

Editor of The Sentinel: Speaking from a strictly impersonal standpoint, I beg to point out to you the dangers incurred by your boys who play in the streets on skates.

I am a conductor on a street car and have occasion to observe the actions of some of the youngsters.

In a spirit of fun and not realizing that there is danger connected with it, your boys persist in "catching on" to the fenders of cars as they pass by and getting a ride. The conductor cannot always be on the platform; he must go inside and get fares; and when he goes back to the rear he will find from one to four boys, ranging in years from eight to fourteen, hanging to the rear fender. Should a skate cut through the ice and come onto the brick underneath it would, in all probability, cause some chap a severe fall. Only this morning I saw one of these skaters get a tumble that I should hesitate to take.

Do not depend on the police to take care of your boy, as they stand on the corners and look on.

Now, in the name of humanity, I beg of you to talk to your boy and tell him of his danger, and get him to stop it before he gets hurt.

Trusting that this appeal will at least secure me a hearing, I beg to remain.

Yours truly,

LOUIS A. GOCKE.

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Dr. Stemen intends making a trip to Europe next spring.

Winkelmyer Bros. have just placed an elevator in their livery stable on West Main street.

The Business Men's exchange meets tonight at its parlors on Clinton street. Some interesting facts will be let loose on the toll road monopoly.

The council meeting tonight is likely to be both stormy and lengthy. The revised ordinances and the Sunday laws come up for consideration.

Marriage licenses—Charles J. Bassat and Rebecca A. Bowser, Henry M. Munch and Mary M. Harber, Isidore Lehman and Hattie Heilbroner.

"The Shadows of a Great City" played to a magnificent house at the Temple last night, and Manager Simonson hung out the Standing Room Only sign early in the evening.

At a meeting of the congregation of the First Presbyterian church last evening Messrs. E. H. McDonald, E. P. Williams, A. E. Hoffman, J. B. White and H. C. Moderwell were elected trustees for the ensuing year.

Mr. C. A. Bookwalter, of this city, was yesterday chosen secretary of the state printing bureau by the republican state officers. Mr. Bookwalter is a Knight of Labor and a member of the Typographical Union, of which he is president.

Senator Barrett says the metropolitan police bill will not pass to apply to Fort Wayne. The legislators are averse to taking the right of local self-government from the people, and besides the measure would increase the police expenses in this city something like $17,000.

On Friday evening Fort Wayne Typographical Union No. 78 will give a grand benefit ball for the benefit of a sick printer. These committees have it in charge: Arrangements—E. B. Smith, Geo. W. Busse, M. J. O'Connor, S. D. Melsheimer, Tom Warner. Floor Managers—C. A. Bookwalter, Cy Lose, A. J. Moynihan, D. C. Gardner, William Neumeyer. Reception—W. E. McDermut, H. O. Fisher, J. P. WILL WELL REPAY ONE FOR GOING

"Are You a Mason?" and the Shrine Scene at Majestic This Week Really Worth While.

By the way, anyone who never saw that delightfully funny farce, "Are You a Mason?" will enjoy at least one visit to the Majestic theater this week. It is not necessary to either be a Mason or especially interested in Mizpah temple, but whether or no, anyone who sees the farce which a good company is presenting, or even the last part of the show, the act put on by the Mizpah temple members, will feel well repaid for going. Unexpectedly effective and beautiful is the last part of the performance. The curtain rises on a pretty setting and as the men march on in their regalia the scene is suggestive of the Oriental. Should a camel hump himself along the stage after the men have marched by he would not seem out of place but just a part of the show. The next scene is even more impressive and beautiful, while the songs that Earl Thompson sings so well and the excellence of the drill led by E. H. Kilbourne combine in sending the audience home well pleased with themselves and the performance.

The merit of the acting of George C. Thompson as Amos Bloodgood, Chester A. Beach as George Fisher and Emma Butler as Mrs. Bloodgood is sufficient to call forth new adjectives every day. Mr. Beach deserved especial mention for the manner in which he disports himself in the temporary role of Fanchon. He is certainly clever and people laughed themselves hoarse over the situation of Fanchon's introduction to Mr. Bloodgood. The farce goes off better and better each night and the audiences are growing bigger and bigger, too, much to the delight of the members of the Shrine fraternity in charge of the entertainments.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Fort Wayne.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are sick. Kidneys and bladden become inflamed and swollen and worse troubles quickly follow. This is often the true cause of bearing down pains, lameness, backache, etc. Uric poisoning also causes headaches, dizzy spells, langour, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has cured thousands of such cases. You will get better as the kidneys get better and health will return when the kidneys are well. Let a Fort Wayne woman tell you about Doan's Kidney Pills.

Mrs. A. Brooks, 221 Lewis street, Fort Wayne, Ind., says: "I have taken Doan's Kidney Pills for five years whenever I have been in need of a kidney medicine, procuring them from Meyer Bros. Co.'s Drug Store. This preparation has relieved me of backache and pains through my kidneys and has restored my strength and energy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

WIENER PROPERTY SOLD.

Columbia City, Ind., Feb. 8.8—Wiener Bros., who purchased the residence property of C. E. Miller, east of the Vandalia depot a week or ten days ago have sold the property again, the purchaser being Wilbur W. Miller, owner of the large cement onion storage house adjoining it. The consideration is announced as being $2,500. It was said when the first deal was made that the Wiener boys would erect a large storage building on the property.

TRY NATURE'S METHOD TO CURE YOUR COLD

You Don't Need Drugs to Conquer Catarrh and Grip.

Colds, catarrh and influenza are the result of poisons in the system. The way to cure them is to drive out the poisons. Drugs have the opposite result.

Virgin oil of pine is the natural curative agent for all ailments of this character. It expels the diseased discharges and heals the affected tissues. It will cure the worst cold inside of twenty-four hours and give speedy and permanent relief to cases of chronic catarrh, foul breath, rheumatism and 'that grippy feeling."

Ask your druggist for a half-ounce vial of virgin oil of pine. Mix the contents with two ounces of glycerine and a tumbler full of pure whiskey. A teaspoonful of this preparation every four hours will completely cure the most aggravated cold. Be certain to get the genuine virgin oil of pine, which comes in wooden containers bearing the name of the Leach Chemical Company, of Cincinnati, Ohio, who guarantee its purity and freshness. Substitutes are dangerous.

THROUGH COLUMBIA CITY.

Projected Goshen-Fort Wayne Railroad Touches That City.

Columbia City, Ind., Feb. 8.—J. C. Briggs, of Pennville, representing the John C. Curtis Construction Co., of Chicago, is in this city promoting an electrical and steam railroad proposed to be built from Goshen to Fort Wayne through Columbia City, with a branch to Huntington to connect with the C. B. & C. It will require $2,000,000 to finance the road for construction, and this amount it will be attempted to raise by next September by the promoters by the sale of stock and bonds to people along the line. It is proposed to operate passenger service on the line by electric cars and haul the freight by steam locomotives. A part of the plan is to build branches to the lakes north of this city and to touch Wawasee, Yellow Banks and other resorts.

SOCIETY

Mrs. James R. Meriwether, whose coming trip to Europe has occasioned a number of parties in her honor, was the guest whom twenty ladies were invited to meet this afternoon at a bridge given by Mrs. B. J. Griswold at her home in West Wayne street. Mrs. Griswold chose the unusual in the way of decorating and in appointments. There was a quantity of the California pepper-tree berries to lend color to the rooms and as the hostess and Mrs. Meriwether received the company no hint of what was to follow was suggested. When tallies were passed the guests found on one side of them pictures of the honor guest in soft brown tints. Instead of two prizes at the close of the game, Mrs. Griswold gave a bouquet of beautiful spring flowers to the winner at each table as the game progressed. Tempting refreshments were served and Mrs. F. S. Hunting, Miss Hadji Dawson and Miss Jane Meriwether lent assistance to the hostess.

* * *

The beauty and fragrance of many pink carnations contributed to the delight of the fifty ladies invited by Mrs. L. O. Hull to participate in a game of bridge at her home in West Wayne street this afternoon. Pink was the prevailing color in all appointments and was seen in the delicious supper served after the game. Pink baskets filled with candies were dainty favors for the guests. Miss Hester and Miss Virginia Bash assisted Mrs. Hull during the supper hour. This afternoon bridge was the first of three parties to be given within a week by Mrs. Hull.

* * *

The second of two bridge parties of this week given by Mrs. Will H. Crighton was enjoyed by twenty ladies at her home in West Berry street this afternoon. There were two out of town guests, Mrs. Ella Morganthaler, who is visiting Mrs. Cornel Morganthaler, and Mrs. Lewis, of Chicago, who arrived today to visit Mrs. Jesse A. Greene. In serving her delicious supper Mrs. Crighton was assisted by Mrs. Elwin Hulse and Mrs. Harvey Crane. On Monday afternoon Mrs. Crighton entertained at bridge in honor of Mrs. James R. Meriwether.

A beautiful bridge party with the warm coloring of red to characterize it was given yesterday afternoon by Mrs. J. M. Hallenstein, of West Berry street. There were red carnations in vases in the parlors and dining-room and red baskets filled with salted nuts and red-hooded candles made the tables pretty when an elegant supper was served after the card playing. Three handsome prizes were given for honors in the game. There were about forty guests who enjoyed Mrs. Hallenstein's hospitality.

The Ladies' Aid society of the Lutheran hospital will meet tomorrow afternoon at the hospital.

Raymond Runion left today for New Rockford, N. D., after a visit of several weeks with his grandparents, Mr. and Mrs. August Pequignot, of Forest Park.

Dr. and Mrs. Kent L. Seaman, of West Creighton avenue, have returned from Omaha, Neb., where they were called suddenly by a bereavement in the family.

Mrs. Walter Olds is visiting Mrs. Thomas R. Marshall in Indianapolis, and on Tuesday afternoon Mrs. Marshall gave a tea in honor of Mrs. Olds and Mrs. A. A. Adams, of Columbia City.

Mrs. Fred Ranke will leave sometime this month for California, where her mother, Mrs. Elizabeth Eckart and sister, Mrs. Lou Eckart, are spending the winter, and will remain some weeks with them.

Mrs. Harry Bowser and children have returned from Grand Rapids, Mich., where they visited relatives and were accompanied by Mrs. Mitchell, Mrs. Bowser's mother, who will remain here for some days.

Samuel Porter, a pioneer resident of Allen county, will celebrate his eightieth birthday anniversary tomorrow at the home of his daughter, Mrs. John Feaser, of 1119 Maple avenue. For the greater part of his life Mr. Porter has been a farmer. He has always lived in Allen county. His recollections of early times are distinct and he enjoys talking of them. Mr. Porter is the father of Samuel Porter, of the Seavey [illegible] store; Mrs. Moudy, of Cedarville; Mrs. Clark, of Lafayette township; Mrs. Rousseau, of St. Mary's avenue and Mrs. Feaser.

A success financially and socially was the result of the efforts of a number of prominent women of the Cathedral parish at a large card party given in Library hall last evening. Plans had been made by members of a committee for the pleasure of all who might attend and there were tables for bridge, pedro and any other card games the guests might choose for amusement, bowling in an adjoining room and a smoking room for the men. Refreshments were served, coffee, sandwiches and punch, all of which was pronounced first class, and all of which had been donated. The entire proceeds, which constituted a generous sum, will be devoted to reducing the indebtedness of the parish. The tallies for the card game were red and heart shaped. Assisting in receiving the guests and in preparations for the party were Mrs. Stephen B. Fleming, Mrs. P. J. McDonald, Mrs. John Moar, Mrs. Will Noll, Mrs. George Feustal, Mrs. H. G. Summers, Mrs. Charles Centlivre, Mrs. T. B. Kerby, Mrs. Edward Noll, Mrs. J. B. Reuss, Mrs. Ben Barva, Mrs. Charles Muhler, jr., Mrs. R. W. T. DeWald, Mrs. W. M. McKinnie, Mrs. Edward Gilmartin, Mrs. E. V. Livers, Mrs. John Wort, Mrs. P. F. Griffin, Mrs. Clem Weber, Mrs. Al Riegel, Mrs. F. B. Mommer, Mrs. P. J. Reily, Mrs. T. P. Foohey, Mrs. L. Miller, Mrs. A. Golden, Mrs. S. Linton. A number of young women who assisted in serving the rest of the company included Misses Anna Sullivan, Elizabeth and Anna O'Rourke, Marguerite Niezer, May Centlivre, Blanche Reuss, Linda McKinnie, Frances and Alma Dreier, Helen Gerow, Marie Sommers, Helen Clifford, Ruth Kuntz, Hazel Malone, Josephine Dinnen, Agnes McCarthy, Mary Travis, Grace Barva, Alice Burns, Borgia Lowery, Alice Dittoe, Amelia Moran, Evelyn Lordier, Gertrude Reilly. Mrs. Al Riegel and Mrs. Frank Bougher managed the progressing from table to table. Prizes were won by Mrs. Charles Niezer, Miss Anna Sullivan, Mrs. Howard, Mrs. Edward Barry and Messrs. Fred Eggeman, Martin Kehoe, Ben Barva.

Ehle—Rohlman.

The marriage of Miss Helen Rohlman, daughter of Mr. and Mrs. Henry E. Rohlman, of 1413 East Creighton avenue, to Mr. Edward Ehle, a machinist in the Pennsylvania shops, took place on Tuesday afternoon at the parsonage of St. Paul's M. E. church. Rev. F. B. Cremean performed the ceremony in the presence of close relatives of the bride and groom. The bride wore a suit and hat of dark blue velvet. The wedding supper was served at the home of the bride and at that time the first announcement of the marriage was made to other family relatives, surprising all of them. Mr. and Mrs. Ehle have gone to housekeeping in their own home at 130 East Taber street.

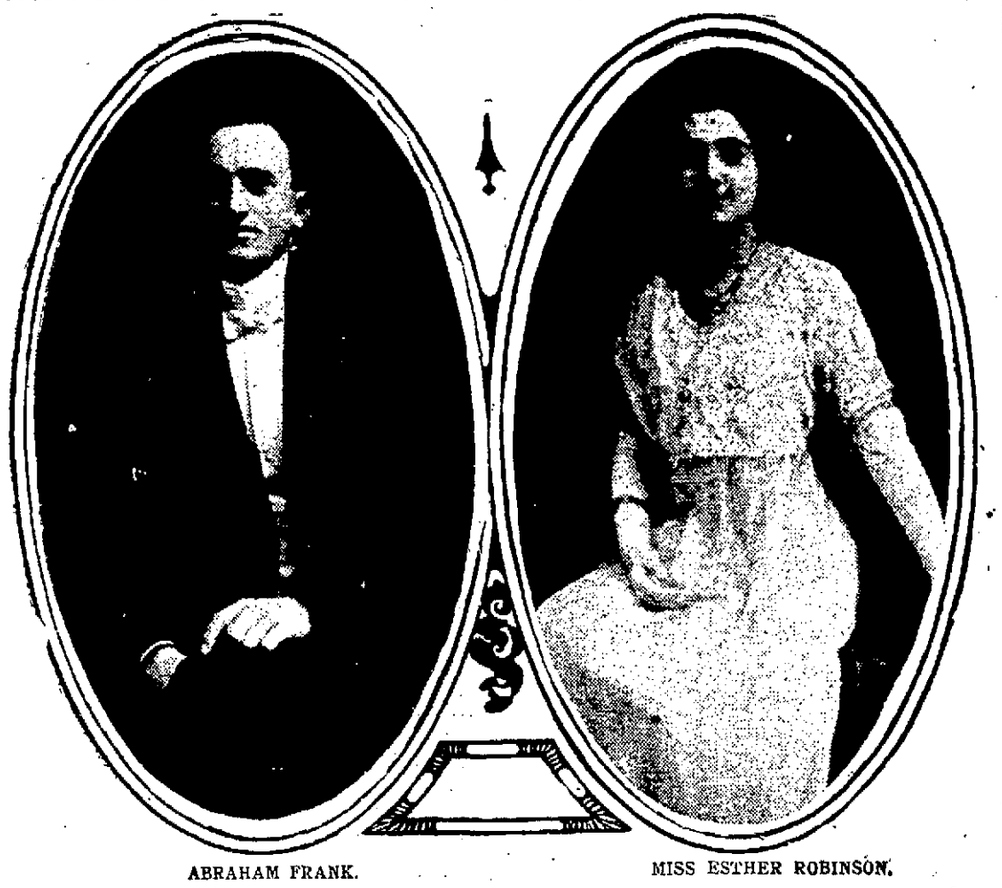
FORT WAYNE YOUNG MAN TO TAKE BRIDE IN CHICAGO.



ABRAHAM FRANK. MISS ESTHER ROBINSON.

A wedding of interest to many friends of the bridegroom-elect will take place in Chicago on Sunday afternoon when Mr. Abe Frank, son of Mr. and Mrs. M. Frank, of Hanna street, will be married to Miss Esther Robinson, daughter of Mr. Harry Robinson, of Alaska, formerly of Chicago. The wedding will take place at the Vincennes hotel and Rabbi Hirschman will officiate. Besides the bride's father, who comes from Alaska to attend the wedding, there will be present the bridegroom's parents, Mr. and Mrs. Mendel Frank, and his sisters, Misses Anna and Esther Frank, and Mrs. Maurice Meyer, all of this city. The bride is a lovely and accomplished young woman and since the death of her mother she has been living with a married sister in Detroit, Mich. Mr. Frank is a prosperous young business man of this city of excellent character. He is manager of the Canadian Coal company. Mr. Frank went to Chicago this afternoon and other relatives will leave later in the week. The bride and groom will go to Seattle, Wash., on their wedding trip and on their return here will be at home at 1430 Hanna street.

DECATUR NEWS.

Decatur, Ind., Feb. 8.—The wedding of Miss Elizabeth Eiting and Albert Langerman, two prominent young people of the county, took place yesterday morning at 8:30 at St. Mary's church, the groom's brother, Rev. Heffner, of Cossello, O., officiating.

Because of the danger attendant on making the run with the new fire apparatus the city council has passed an ordinance ordering people of the city to stop, look and listen when they hear the ding dong of the engine bell. The matter was decided upon at last night's meeting.

Mrs. P. G. Williams was presented with a set of silver tea spoons at the regular meeting of the Historical club, Tuesday evening. Mrs. Williams will leave in a week for Union City to make her home and she has always been a highly esteemed member of the organization.

Will Parent and Jno. Stoneburner have returned from the moving picture convention at Indianapolis.

NOT ENTIRELY CUT OFF.

Nephew Who Incurred Hawley's Displeasure to Get $2,500,000.

New York, Feb. 8.—It was disclosed at a conference of heirs of Edwin Hawley, millionaire New York magnate today that Fred Crandell, of this city, once the financier's favorite nephew, but latterly said to have incurred his uncle's displeasure because of his marriage to a young Southern Pacific telegraph operator, would receive $2,500,000 as his share of the estate.

Mr. Hawley left no will, and his heirs agreed to divide the estate into five parts, four of them to go to Charles and Samuel Hawley, brothers and Miss Anna Hawley and Mrs. Harvey Seymour, sisters of the traffic magnate. The fifth part is to be distributed among the children of the late Mrs. Homer Crandell, of Chatham, a sister. These are Mrs. John H. Page, of Chatham, and Walter S. and Fred Crandell.

The administrators will conduct the estate along the lines of Mr. Hawley's formulated policies and there is no danger of liquidation of securities. A trust will be created to manage the affairs of the estate, the value of which is now estimated at from $10,000,000 to $15,000,000.

FIRE IN INSANE HOSPITAL.

Evansville, Ind., Feb. 8.—Fire at the Southern Indiana hospital for the insane two miles east of here Wednesday was confined to the clothing and bath room, and the loss will be less than $1,000. The fire was caused by the explosion of an alcohol lamp in the room of a patient. More than 200 patients were removed from the vicinity of the fire without injury and the attendants averted a panic.

KING OF DENMARK ILL.

Copenhagen, Denmark, Feb. 8.—An official bulletin issued Wednesday a. m. by the physicians in attendance on King Frederick, who last evening, while out walking, was seized with a sudden illness, says:

"The king passed a satisfactory night. He slept well, but has a little fever, arising from slight inflammation of the lungs."

Lettuce Salad With Nut Balls.

Take a cream cheese and work smooth with a fork, adding gradually just enough thick, sweet cream to make a stiff paste. Divide into three or more portions. Color one portion green with parsley and chives pounded to a paste; another red, with pounded sweet red pepper or spiced beets chopped fine; a third yellow, with the crushed yolk of a hard boiled egg; a fourth brown, with pounded pecan nuts. Mold in tiny balls and put one or more of each color in nests made with lettuce leaves.

Angel Parfait.

Whip one quart of cream, skimming off as much of the froth as possible and laying it on a sieve to drain. When no more froth will rise beat the whites of three eggs to a stiff froth, gradually adding one half of a cupful of powdered sugar and whipping until firm and glossy. Now beat in one scant teaspoonful of vanilla and one teaspoonful of extract of rose. Lightly mix in the cream whip and one half of a cupful of candied rose leaves. Turn into a mold with a tightly fitting cover, bind the edges with a narrow strip of muslin dipped in melted lard and bury in ice and salt for four hours.

Health and Beauty Hints

BY MRS. MAE MARTYN.

H. N. R.: To whiten and beautify the complexion you will find nothing better than a simple, inexpensive lotion made by dissolving 4 ounces spurmax in ½-pint witch hazel (or hot water) then adding 2 teaspoonfuls glycerine. This lotion will freshen up and improve any complexion without giving that artificial, powdered look. It does not clog the skin pores like powder and lasts much better. It gives to the skin a smooth, velvety tone and takes away that shiny, sallow look. For treating freckles and skin discolorations generally, spurmax lotion is very fine.

D. L.: To quickly get rid of that sallow, pimply look on your face, you should take a good system tonic to remove the impurities from your blood which come from lack of exercise and eating too much solid food in the winter. A good, old-fashioned tonic can be made by dissolving an ounce of kardene in ½-pint alcohol, then adding ½-cup sugar and hot water to make a quart. Take a tablespoonful before meals and you will be surprised how quickly the look of perfect health will come into your face and your energy and ambition be restored.

Nudie: To strengthen your weak eyes and rid them of that dull, overworked look, put in each eye daily two or three drops of a fine strengthening tonic, made by dissolving an ounce of crystos in a pint of water. This eye tonic is very soothing and strengthening, and will make your eyes strong, clear and sparkling. I find it unequaled as a tonic for treating weak, inflamed, expressionless eyes.

Reader: There is one remedy above all others that I take pleasure in recommending for fat reduction. It is harmless and so very effective in regaining a shapely figure. Just dissolve 4 ounces of parnotis in 1½ pints hot water and take a tablespoonful before meals. This simple remedy will remove your excess fat rapidly without dieting and strenuous exercising, and seems to produce best results in the winter months. Your skin will be firm and free from any flabbiness.

Mrs. T. B.: You will not catch cold from shampooing if you use for your shampoo a teaspoonful of canthrox dissolved in a cup of hot water, rinsing the hair thoroughly. You should never use soap shampoos, as the alkali dulls and deadens the hair, causing it to become brittle, streaky and split at the ends. Canthrox produces an indescribable softness and fluffiness that one gets only from a perfect shampoo. It relieves irritation and removes dandruff thoroughly. The hair will be very lustrous and you will have no trouble keeping the short hairs in place.

Mrs. R. C.: Nothing is worse than stale or greasy beauty creams. Always use fresh-made, greaseless complexion creams and your skin will not be shiny or hair grow on it. By mixing into ½-pint cold water, 2 teaspoonfuls glycerine and one ounce almozoin, you have a dependable cream-jelly for cleaning, softening and beautifying the skin. This is excellent for chapped face and hands and keeps the complexion in perfect condition. Use it morning and night and you will soon have a charmingly smooth, refined complexion.

Ruby R.: Do not despair. You can easily save your hair, but not by using so-called hair tonics that have lost their strength. Get at your druggist's an ounce of quinzoin and ½-pint of alcohol; mix these with ½-pint cold water. Apply this tonic to the scalp about twice a week and you will be amazed to see how quickly it rids your scalp of dandruff and irritation, and your hair will stop coming out. This tonic makes the hair soft, lustrous and beautiful. By preparing your own hair tonic as directed you will have the best hair and scalp remedy known to science.

Anxious: It is not necessary to resort to the pain and expense attending the use of the electric needle. With powdered delatone and water mix enough paste to cover the hairy surface. After letting remain on two or three minutes remove, wash the skin, and the hairs will have vanished. This leaves the skin white, firm and hairless, and while druggists charge a dollar for an original one-ounce package, it never fails to do the work.

Mrs. R. W.: If your baby is thin, fretful and does not gain in weight, you are not feeding it the right food. Take a tablespoonful of F. N. Johnson's especially prepared pure barley flour (you can get it from any druggist), mix with cold water to a thin, smooth batter; add one pint boiling water, salt to suit; boil five minutes stirring well, then add half a cupful milk, stir, and feed with nursing bottle. It is advisable to feed in small quantities every two hours when awake. If baby's stomach is weak dispense with the milk and use only water until the digestive organs become stronger.

WALKS OUT WITH $20,000 IN GEMS

Artistic Thief Picks Up Sample Case in Chicago Store.

GETS AWAY EASILY

Chicago, Feb. 8.—Tired of carrying sample cases filled with gems for jewelry salesmen, a young man, formerly known as a "trusty carrier of jewel-laden grips," yesterday decided, it is alleged, to start in business for himself, and walked out of the display-room of Spaulding & Co., Michigan avenue and East Van Buren streets, with more than $20,000 worth of gems.

The jewels are the property of Sloan & Co., New York, and were left in the Spaulding display-room by Clement A. Holbrook, salesman.

Game Easily Worked.

The ease with which the alleged thief, who, in the amount of his loot has beaten the record of the "soft brick" window smasher, escaped, has caused salesmen to wonder why the "trick was not turned" before.

Holbrook had packed his grips and gone to lunch shortly after noon. The watchman who guards the sample cases was on duty. Walking boldly past the guardian of the treasure grips, the thief picked up the two sample cases and leisurely walked away.

"I knew the young man had been employed by salesmen to carry grips," the watchman told the police. "I had seen him around the rooms on many occasions. He walked to the two grips as if he knew what he was doing, picked them up and walked out. It was very easy to do."

Searching for Thief.

Despite the fact that officials of Spaulding & Co. assert the gems have been returned and that the alleged theft was but "the mixing of grips, which has now been straightened out," the police and the Pinkerton agency are searching for the young man and the two gem-filled grips.

"There is no doubt that some one stole my two cases while I was at lunch," Holbrook told the police. "When I returned they were gone and with them about $20,000 worth of rubies, diamonds and pearls. I am told that the thief was one of the young men we have been hiring to carry our grips from one store to the other."

The sample-room at the Spaulding store is in the basement. Thus the bold burglar was forced to carry the jewels up the stairs, through the store and out in the street, past guards and clerks.

FEARS IT WILL BE FARCE.

Bryan Discounts Investigation of So-called "Money Trust."

San Benito, Texas, Feb. 8.—"I fear the investigation will prove a farce. If the banking committee begins at once and makes a prompt and thorough investigation I shall be both surprised and delighted."

So declared W. J. Bryan today in commenting upon the result of last night's democratic caucus over proposed investigation of the so-called money trust.

"Misled by Wall street," "under the control of the predatory interests" and "democrats whose sympathies are with the money trust" were some of the terms used by Mr. Bryan in his statement.

"It is the misfortune of the party to have some members who can be misled by Wall street, and it is still a greater misfortune to have some members who are as completely under the control of the predatory interests as any of the republicans," said Mr. Bryan.

"The money trust did not want any investigation at all. When it could not prevent an investigation it then sought to secure an investigation by the banking committee which contains some democrats whose sympathies are with the money trust. I fear that the investigation will prove a farce. If the banking committee begins at once and makes a prompt and thorough investigation I shall be both surprised and delighted."

GIRL APOLOGIZES FOR HER SUICIDE

Writes Note to Employer Before Making Noose of Apron Strings.

Chicago, Feb. 8.—The residence of Warren M. Salisbury, at 1104 Lake Shore drive, was the scene of a suicide yesterday. Miss Emma Siniger, a maid, after writing a note apologizing to her employer for taking her life in his house, made a noose of her apron strings, attached one end to a door hinge in a bath room and hanged herself.

Owing to Salisbury's English butler, the police had difficulty in getting at the facts. This servant made so much mystery over the tragedy that at first the woman was believed to have been murdered. Finally it was demonstrated that the maid was the victim of hereditary insanity and had taken her life in a fit of overpowering despondency.

Cuts Down the Body.

It happened at 6 o'clock in the morning. Mr. and Mrs. Salisbury are in Palm Beach, Fla. The butler was left in charge. He testified after cutting down the body he did nothing.

It was at first stated there had been a quarrel and that the maid had been killed. Then it was asserted the butler had mysterious motives for suppressing the facts. Finally the story went abroad that the suicide was a relative of the Salisbury family and that she had left notes revealing a scandal.

After a time the butler was persuaded to call up Dr. Thomas E. Crowe. He told him the woman had killed herself and Dr. Crowe communicated with the police. The butler refused the police admittance. Dr. Crowe arrived and made representations as to what had actually taken place.

Leaves Two Notes.

Arrangements were made for the inquest. This was held in the Salisbury suite. It developed that Miss Siniger had left two notes. One was addressed to the butler. It instructed him to "Notify Mr. Salisbury and lock up everything and keep them straight for him." The other read: "Please notify my brother, Frank, at Galena, Ill. Emma."

The butler said that on Tuesday night Miss Siniger retired at about 9:30 o'clock. She had been in ill health and suffering from melancholia. He found the body, he said, at 8:30 in the morning. She was hanging from a bath room door with her toes just touching the floor.

WARM GREETING TO CHIEF SCOUT

Lieut. Gen. Baden-Powell is Given Rousing Welcome at Culver.

TALKS TO HOOSIERS

Culver, Ind., Feb. 8.—Welcomed by officers of the army and the national guard, by business men, educatirs, scout masters and boy scouts of the state, as well as by the officers and cadets of Culver Military academy with their "nine rahs," Lieut. Gen. Sir Robert Baden-Powell, defender of Mafeking and founder of the Boy Scouts, spent yesterday at Culver.

The distinguished British soldier reached Culver at noon and was escorted by the Black Horse troop to the academy, where a salute of fifteen guns greeted his arrival. In company with the other visitors, the general was the guest at luncheon with Superintendent L. R. Gignilliat and the faculty at the officers' mess.

The first part of the afternoon's program was devoted to military exercises, ranging from battalion review to the forming of pyramids on horseback, and these the general followed with the appreciative eye of the soldier. The roughriding, roping, packing horses and other characteristic features of the American trooper training, were enthusiastically received, as were the other practical exercises of camp and field.

Motto Brings Smile.

When 200 cadets wigwagged the Boy Scout motto, "Be prepared," an appreciative smile broke on the grizzled face of the great scout leader. Following the military exercises Gen. Baden-Powell spoke to the cadets on "Scouting in War and Peace."

While he dwelt at length upon his own experiences in West Africa, Matabeland and in Mafeking, he proclaimed first and foremost his abhorrence of war between civilized people and his desire that the scout qualities be applied in peace.

The three C's of the scout he announced to be "common sense, courage and cunning," while a typical Roosevelt-ian sentiment lay in his expression that "a smile and a stick will carry you through any difficulty in life."

"For the finest example of what I mean by the scout qualities in the service of peace I would cite the doctors and the engineers of the great canal at Panama," declared the general, who was on the isthmus two weeks ago. As the cadets greeted him with their nine rahs and their school yells, he brought a fresh salvo by telling them, "I have seen the cadets of all nationalities at their work, and I must say that you beat the lot."

Gen. Baden-Powell left in the evening for New York, where the great council of the scouts is to meet Feb. 9.

FIRST LA GRIPPE. THEN BRONCHITIS.

Such was the case, with Mrs. W. S. Bailey, McCreary, Ky., "My wife was taken down with a severe attack of la grippe, which run into bronchitis. She coughed as tho' she had consumption and could not sleep at night. The doctor's medicine gave her no relief and I was advised to try Foley's Honey and Tar Compound. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure." Mr. W. S. Bailey says he is prepared to answer all inquiries promptly.

HOW COLD AFFECTS THE KIDNEYS

Avoid taking cold if your kidneys are sensitive. Cold congests the kidneys, throws too much work upon them, and weakens their action. Serious kidney trouble and even Bright's disease may result. Strengthen your kidneys, get rid of the pain and soreness, build them up by the timely use of Foley Kidney Pills. They will cure any case of kidney or bladder trouble not beyond the reach of medicine. No medicine can do more. For sale by Drier Drug Co.

ROBINS SEEN IN WINTER.

About Fifty Fly From a Thicket as Trolley Car Passes.

Peru, Ind., Feb. 8.—C. P. Eckstein, of Peru, is entitled to the honors, if there are any, for having seen the first robin "this spring." It was while Mr. Eckstein and twenty others were on board a Fort Wayne and Northern Indiana traction car, west bound, that he saw fifty or more robins fly from a thicket to a nearby tree when the car approached. The car stood close to the tree for five minutes, on a siding, waiting for another car to pass, and therefore Mr. Eckstein and the passengers had plenty of time to make sure the birds were robins.

The sun was shining brightly and the mercury hovered near zero, but the robins did not appear to be uncomfortable.

Dr. Ogle has resumed the practice of medicine. See card. 2-1-tf.

A WARNING AGAINST WET FEET.

Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs, and la grippe, bronchitis or pneumonia may result. Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes, and heals the cough quickly. Mrs. A. A. Swagel, Kroh, Wis., says: "I always give Foley's Honey and Tar Compound to my children. It cures their coughs and colds and they like to take it."

YOUNGSTOWN HAS SOME HOLD-OUTS

Nine of Twenty-One Men Have Sent Contracts to Bill Phillips.

NOT A BIT WORRIED

Youngstown, Feb. 8.—Nine of the twenty-one Youngstown players to whom contracts were sent the first of the month have responded with their signatures and the fact that less than half the men are in line is not giving Manager Bill Phillips a bit of worry. He has been in the business too long.

Everett Scott has forwarded his agreement while Dolly Gray affixed his name to a paper and sent it along today. Gray, like Goes, was given a cut in salary and afforded the local magnates some surprise when his paper was received.

Phillips is eloquent in his praise of the lad Squibb, obtained from Logansport in the Northern Indiana league. The local leader says George Cuppy, former Cleveland twirler, recommended the chap, and vouches for his wonderful hitting ability. Phillips declares Squibb should prove to be one of the sensations of the coming season.

"Players who can earn more money in the winter time than during the summer," says Manager Bill, "generally come around later. I am not worrying as everything will come out all right. There is a limit, and if the holdouts force me to get a man to fill their place they may find it hard to get what has been offered them. I must protect myself as well as the club."

Charley Conway has written Manager Phillips telling him that he is undecided so far about next year. Conway has been working at the Sheet and Tube plant the past few weeks, and if things pan out to his satisfaction he has declared himself as apt to give up professional ball.

If the 154 game schedule is adopted the season will likely open April 17. In this event, Phillips will likely call his men to report during the last week in March if the weather is favorable, otherwise he will wait until the first week in April.

If the 182 game schedule is taken the season will no doubt start April 24, which would give Phillips and other managers a little more time to wait for favorable weather. Phillips says he does not care much which schedule is adopted, as long as the split schedule is cast away.

BOWSERS PUT UP A DANDY BATTLE

Make the League Leaders Hump to Win in a Classy Series.

STRUGGLE FOR HIGH

Speeding up in the second game of the series against the Wayne Knits, the Bowsers of the Manufacturers' league put up a dandy fight for the best end of the argument at the Metropolitan alleys and while they broke some records they managed to pull out only one game because the Knitters were hitting the high places all through the combat.

Walker and Miller were the contenders for high honors and there was a split as the former took the top single score with 235 in his last round, while his teammate doubled in every game and stacked 226 in the last game, making him a total of 646 pins for his evening's slaughter. This gives him the league mark for a series.

Win Strader also got a double in the second when the tank men lost after copping off 917 pins. Wichman led the knitters with an average of 198 and there was only twenty-four pins in favor of the winning club. The scores:

IS AFTER SOME PLAYERS.

Anderson Wants Holmes and Martin for His Club.

South Bend, Ind., Feb. 8.—According to Manager J. E. Anderson's friends in South Bend it is the intention of the new management to purchase several players and give Wheeling as strong a team as it is possible to get together. Among the men it is reported that Anderson is trying to land are Pitcher Dave Martin and Catcher Holmes of Grand Rapids, and Catcher Ulatowski, a former Notre Dame university man. He was in the Western league last season.

COAKLEY SCORES KNOCKOUT.

Puts Eddie Webber Down in Third Round —Hayes Gets Draw.

Glenn Coakley knocked out Eddie Webber in the curtain raiser of the boxing bill at Indianapolis last night in which Chick Hayes and Monte Attell went ten rounds to a draw. Coakley is a Fort Wayne pug and he finished his man in the third round of their battle.

BOWSER BOWLERS MAKE GOOD FIGHT IN THE RACE

Front Row—Winnie Strader, Sam Miller, Art Knoll. Back Row—E. J. Little, Roy Walker, A. S. Bunting.

Members of the Bowser bowling team, of the Manufacturers' league, have made a good fight for the pennant in the race of this season, but a handicap growing out of a bad start has held the men down to third place in the standing. For a time they made a fight against the Fort Wayne Printing company for second.

Members of the club are picked from the best bowlers in the big Bowser works and all of the employes of the establishment take a great interest in athletics of all kinds. J. Ora Goff, secretary of the league and also of the Bowser organization, has always contended that sports have a tendency to hold the men together and to create a feeling of good fellowship in the factory.

In his efforts along these lines he has been greatly aided by the employes generally and especially by the men who are members of this club. As a result some good material has been developed and improvement has manifested itself from the time bowling was taken up in the establishment.

The Bowsers also boast of a baseball team in the city shop league with a well located park and the bowlers and ball players have made a name in sports for the big oil tank works.

SPORTLETS

Bill Bannon, former polo goal tend and referee, is after a job as an umpire in the Central league.

If Dick Hoblitzel continues to hold out Fans at Evansville are bemoaning the Cuban player, on first base.

Manager Bobby Wallace of the Browns, fact that the city lost an opportunity to get into the Three-I league when the Danville franchise was placed on the market.

Paul Powers, Youngstown magnate says he will hold out for a 154-game schedule, to run two weeks after Labor day.

Akron fans believe that Dick Grefe shipped to Columbus by the Boston Americans, will play first base in the Rubber City.

The lure of the diamond as a professional no longer appeals to Jack Ernst, last year with the Canton club of the O. and P. league. This is the reason the contract sent to him, which has not yet been delivered, will be returned unsigned, when it finally reaches its destination.

Aggie Grant has received a letter from an aspiring Ty Cobb. The boy was told he could try out with the Tots and went home so delighted that he told everybody on the train. Two days later he wrote: "The fans here are all glad I'm going to get a change. I've bought a new glove and I know I'll make good."

According to scouts for the New York Giants, a second Eddie Collins has been signed in the person of Frank Nohowel, who played third base at Columbia when Collins played second. Nohowel is said to be one of the most promising infielders in the game today.

Manager Jimmy Burke, of the Indianapolis club, has added two more players to his string, having signed up Catcher Donnelly and Infielder Fahey. Donnelly played with Hastings, Neb., last season, while Fahey is a St. Louis semi-pro player.

Manager Bobby Wallace of the Browns, may be seen back at his old position on third base this season. Both Wallace and President Hedges are counting on Clyde Wares, the California recruit, making good at shortstop. If Wares comes up to expectations he will be given a regular berth and Wallace will be shifted to third.

When it comes to "pickin' 'em," you have to hand it to a Wheeling writer who figures out the pennant race before all of the clubs are entered in the league.

Catcher Grover Land, released to St. Paul by Cleveland last summer, has been released to the Toledo club. Land always caught splendid ball for the Mudhens and his return will strengthen the club behind the bat.

Catcher Ed Goes, of the Youngstown team, whose salary was cut considerably when his contract was sent to him this year, has returned the document with his name correctly written in the right place Ed has probably heard rumors to the effect that he may have some trouble holding his job at Youngstown, and did not want to get in any worse than he is at the present time by refusing to sign up.

National Convention of Polish Priests at Detroit.

Detroit, Mich., Feb. 8.—Papers on a variety of subjects followed by discussions were expected to prove one of the principal features at today's sessions of the national convention of Polish priests of the United States and Canada. The convention opened yesterday and is expected to close late today or early tonight. About 700 priests are in attendance and it has been estimated that the priests represent 3,000,000 Polish Catholics.

LYCEUM CLUB IS IN BETTER FORM

Badly Beaten by Churubusco But Winners Are in a High Class.

GAME IS IN DISPUTE

In spite of the fact that the Lyceum A. A. basketball team has been organized only a few weeks and has not had the drilling in team work that is necessary to success, it made a showing against the Churubusco five last night that was a surprise to its best friends, when it lost by a score of ten to thirty.

The 'Busco boys have won nine of the ten games played this season and among its victims are the Winona college club along with the best of the independents and the fact that the local quintet was able to score as many as ten points against the fast opposition was regarded as most encouraging.

A big crowd testified that basketball is becoming the popular winter amusement after several failures to start it on a good basis. Blee and Wright, recruits on the Lyceum team displayed good form, while Septon, of the visiting team was the star of the aggregation.

In addition to its regular club the Churubusco five was strengthened by the addition of Green, one of the best players on the Columbia City club. The line-up and score:

Lyceum.		Churubusco.
Brown	Forward	Septon
Blee	Forward	Green
Wright	Center	Bailey
Welsh	Guard	Maloney
Flemion	Guard	Smith

Goals—Brown (2), Blee (3), Septon (5), Green (3), Bailey (3), Maloney (2). Fouls—Blee, Septon (4).

Dispute in Second.

A dispute arose in the second game on account of the misinterpretation of the scoring rules and it has not been decided whether it was won by the Lyceum Seconds or the International Business college. The score that brought about the trouble shows that the Lyceum won eleven to ten. Line-up and score:

Lyceum Seconds.		I. B. C.
Flaherty	Forward	Baade
Tagtmeyer	Forward	Shaffer
Doyle	Center	Baird
Rohyans	Guard	Fuhrman
Boyce	Guard	Rinker

Goals—Flaherty (4), Tagtmeyer (2), Doyle, Schaffer (2), Baird (3).

JOHN HOWARD AS GOOD SIGNED UP

Promised He Would Play With Smith and is Ready for It.

STILL FREE LANCE

South Bend, Ind., Feb. 8.—John Howard Myers, who has been known in his several years as John Henry, is just as good as he can be and is all ready to sign his Grand Rapids contract, although he is a free lance and can sign where he pleases.

He was with South Bend last season and was transferred with the other players to Grand Rapids, but before the schedule was played out he was shunted over to Muskegon to help that club wind up its year. He went there with the understanding that he was to be released at the finish and he was.

Meyers told Smith he would sign with him again this year and he is all ready to make good, although he says he has had a number of offers and could easily accept them if he were disposed to break the promise he gave his old manager. He explains the delay in signing his contract by the fact that it is difficult to locate a notary public in Mason City, W. Va., which is his headquarters.

The affidavit clause in minor league contracts is causing Central league managers some trouble. Manager Arndt dispatched a large number of documents in use in 1911 to his young players, and has just been notified he must secure the signatures of the signed players on the 1912 agreement sheets. Smith also used a number of the old documents.

The Grand Rapids and South Bend managers enjoyed a little confab this morning at the local baseball headquarters. In discussing the rise of "Goat" Anderson in the baseball world, both men expressed their pleasure at the arrival of "Goat's" ship, and predicted some merry times for the old Central. The $2,000 salary limit was also touched upon, the South Bend leaders and both deplored the individual limit of $200, which handicapped them in bringing their men to terms, they said.

BILLIARD IS IN LOT OF TROUBLE.

Terre Haute Pitcher Under Knife as Climax of His Misfortunes.

HE WILL RECOVER

Wooster, O., Feb. 8.—Harry "Rube" Billiard, who pitched for the Terre Haute and Toledo baseball teams last year, being sent to Terre Haute during the early part of the season, submitted to an operation for appendicitis in a local hospital here today, his illness coming as a climax to sad events in the Billiard family during the past few months.

The first and most startling event was the suicide of his brother Rufus, 20 years old, who ended his life with the girl he loved, evidence showing a suicide pact. The boy's deed later caused the death of Billiard's grandmother. A month ago Billiard's infant child passed away. The child was just two weeks old. Mrs. Billiard has been seriously ill ever since, having contracted a severe case of pneumonia.

The deaths of the brother, grandmother and infant son of the ball player were all unexpected. They came within three months of each other. No preparations had been made for burial, and as a consequence the bodies were placed in the vault at the cemetery, it being the first instance in the history of the city that three generations of a single family were lying in the vault at the same time.

Hospital physicians say Billiard will be out of the hospital in two weeks and that he will be ready to report for practice March 15.

Billiard at first vigorously objected to the operation and when the incision in his side was made it was discovered that gangrene had already started to form and delay would have caused an abscess which would have kept him out of the game for a year at least.

Billiard would have had little trouble getting into condition this spring and has been looking forward to a successful season. His poor showing last year was attributed to the fact that he was accustomed to pitching in the south and was not acclimated to the colder weather conditions of Ohio and Indiana.

I Cure Pelvic, Nervous and Chronic Diseases

REDUCED FEES UNTIL FEBRUARY 15

For the purpose of proving the advantages of my methods in the treatment of PELVIC, NERVOUS and CHRONIC diseases, I will not only give to every one who calls at my office between now and FEBRUARY 15 a careful and thorough examination free of charge, but further to demonstrate to the public the rapidity of the cures I make, I will treat every case I accept for a cure who call on me between now and FEBRUARY 15 at a GREATLY REDUCED FEE.

No man can afford to undertake his daily labor without being well equipped, mentally and physically. It is a fact that the man who is afflicted with any disease is working under a disadvantage in proportion to the extent of the trouble. Many a man has been forced to abandon a successful career because disease had lessened his ability to successfully compete with those who were strong and therefore able to forge to the front. Do you know how much you are losing every day of your life because of your inability to do the work of a strong, healthy man? Do you feel as though you can afford to continue as you are when you can be cured? Perhaps you have tried to get well. Have you ever gone to a specialist, one who has made a lifelong study of diseases such as yours? Perhaps you have gone to your family physician and because he could not cure you have abandoned hope. Did you ever stop to consider that your family physician has several hundred different diseases to treat? Can you blame him for not thoroughly understanding all of them? Of course you cannot. Then why not go to one who devotes all his energies to the study of just a few and who can the more thoroughly understand them?

I have made a special study of Pelvic, Nervous and Chronic diseases and have developed methods which will cure where the ordinary methods have failed.

If you will call at my office I will give you a careful and thorough examination, and if your case is curable I will make you a fee as low as possible and consistent with honest, scientific treatment.

If I think your case is incurable I will tell you so, as I have no time to waste, and no desire to accept money for treating incurable diseases.

BLOOD POISON—I use only the most advanced methods in the treatment of blood poison and kindred diseases.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing the disease. In fact, the causes are so many and varied that fully 75 per cent of all male adults are afflicted to a greater or lesser extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove Stricture by my dissolvent method without the use of instruments.

RUPTURE, PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

Committee of the Loyal Order of Moose will meet this evening at the hall in the Lau block to report on sites which have been investigated along the St. Mary's, St. Joseph's and the Maumee rivers suitable for the location of the big industrial school of the order, which an effort is being made to locate in Fort Wayne.

As soon as a decision is reached the lodge will secure options on the property. D. C. Stout, who returned yesterday from a conference with high officials of the order, says that Anderson and Indianapolis are making strong bids for the school. He believes, however, that if Fort Wayne will put itself in position to offer a site this city will have little difficulty in winning the prize.

WAS CENTER OF A STORMY SCENE

Hisses and Groans Mixed With Cheers for Churchill.

FEELING RUNSF HIGH

Belfast, Ireland, Feb. 8.—Winston Spencer Churchill, first lord of the admiralty, the chief figure in today's home rule demonstration arrived this morning with his wife at the central station and was given a somewhat mixed reception. A number of Orangemen, who had gathered at the station greeted him with groans and boohs but these were drowned in the hearty cheers of the large crowds of liberals and nationalists. There was no disturbance and the large force of police on duty in the station had a very easy task to perform. In the course of the morning a crowd of unionists paraded the streets carrying an effigy of Mr. Churchill to which was attached a placard bearing the words "Down With Churchill; No Home Rule." They proceeded to the hotel where Mr. and Mrs. Churchill are staying and sang the national anthem, after which they dispersed without disorder.

There was no marked excitement among the workers of the city today. A few small crowds, however, were scattered here and there anxious to see the first lord of the admiralty and to watch the movements of the military.

Rain fell pitilessly the whole morning. The football grounds where the meeting is to be held is a swamp and the saturated canvass marquee in which Mr. Churchill is to speak has sagged threateningly several times. For preserving the peace detachments of police have been posted everywhere and the troops are in readiness in their quarters.

Matters Looked Ugly.

Matters looked ugly for a moment when Mr. and Mrs. Churchill started for the place where the meeting is to be held. A great crowd which had gathered outside the hotel appeared inclined to rush Mr. Churchill's motor car and tried to block its progress, but escorting cars packed with detectives succeeded in worming a way through the groaning throng and got the Churchills safely away.

Mr. Churchill and John E. Redmond, the nationalist leader, reached the marquee safely. Their journey through the streets was marked by nothing more serious than outbursts of groans and hisses.

To guard against an invasion by the unionists, only ticket holders were admitted to the grounds. Inside the marquee offigies bearing the labels "Carson and Lonodnderry," "turncoats and traitors," swayed from poles.

Bodies of infantry and dragoons were stationed a short distance from the marquee in readiness for emergencies. The police challenged every one who tried to pass into the grounds. Occasional bands of rowdy youths marched by with banners bearing the words "No Home Rule. Down with Churchill."

Audience With Him.

Mr. Churchill was greeted with a rousing reception from the 6,000 people gathered within the tent whose enthusiasm not even the depressing surroundings were able entirely to quench. While rain poured through the canvas a band played popular airs intermingled with the Irish melodies "The Wearing of the Green" and "The Boys of Wexford."

Mr. Churchill immediately got on good terms with his audience, promising them that the government intended to pass a home rule bill which would be harmonious with imperial interests, smooth the path of the British empire, liberate new forces for its service and forever do away with the accursed machinery by which hatred had been manufactured in the past.

CHICKEN AS MORTGAGE-RAISER.

Purdue University Expert in Address to Poultry Fanciers.

Indianapolis, Feb. 8.—"The chicken is the only creature that can raise a mortgage by just laying around," said A. G. Phillips, of Purdue university in an address before the poultry institute given in connection with the fanciers' show of Indiana.

He said that the poultry business of the United States represented about $800,000,000 last year and exceeded that of corn and wheat. He attributed the failure of many chicken raisers to the fact that not much attention is paid to vigorous breeding stock.

The rooster, said Mr. Phillips, should be masculine, should not be hen-pecked and always should be ready for a "scrap." Chickens, he said, are very much like persons and may be judged in a similar manner. He said that a sickly looking chick cannot be doctored into a healthful, vigorous breeding fowl any more than a thin man can be made fleshy. "The best way to treat such chickens," he said, "is to chop off their heads, because they are a detriment to the flock."

He showed illustrations of poor and good stock and also of the houses used by the experiment station at Purdue.

West Bloomingdale Folk Want Better Street Car Facilities.

Following a meeting at the Bloomingdale school Wednesday evening, committees from the North Side Civic Improvement association decided to take up with officials of the Fort Wayne and Northern Indiana Traction company the matter of an extension of lines that will give better street railway service to the western section of that territory.

There was a large attendance at the meeting and a number of other matters were up for informal discussion. The North Side association is one of the most active civic improvement bodies in the city.

FORMER SENATOR IS DYING.

Lafayette, Ind., Feb. 8.—John F. McHugh, a leading Lafayette attorney and at one time a democratic member of the Indiana senate, has suffered a relapse and is now in a dying condition at St. Elizabeth hospital. Two weeks ago a toe on his left foot was amputated with the hope of relieving blood poisoning which developed from a small bruise on his foot. The poison has affected his heart and he is rapidly growing weaker.

HIS INJURIES PROVE FATAL

Fireman H. W. Sams Expires After Being Taken from Wreckage.

OTHERS INJURED BY JUMPING

Bruises and Abrasions Are Painful, But Not Serious.

Howard W. Sams, the fireman who was on the engine pulling the southbound Grand Rapids and Indiana freight train which figured in the head-on collision near Kalamazoo Wednesday afternoon, died soon after being removed from the wreckage. Engineers F. E. Nikoli and James F. Randol, the only other members of the crews who were injured, are in the hospital at Kalamazoo and a telephone message from that institution at noon today stated that each man was suffering from bruises, but no bones were broken and they will soon be able to come to this city.

Cause of the Collision.

Northbound train No. 39, with Engineer F. E. Nikoli, Fireman R. T. Koch and Student Fireman Norman Dascomb, was a regular train and was made up of the usual number of cars for winter weather. It had orders to pass the extra at Coopers' siding, about a mile beyond the scene of the wreck. The crew on the extra, it is said, misconstrued the orders, and instead of stopping at the passing siding, ran on and into the northbound train. Each train was moving rapidly when the engineers discovered the situation and quickly applying the air and calling to the other occupants of the cab, they jumped out just a few seconds before the collision.

Sams Was Putting in a Fire.

Fireman Sams was engaged in putting coal in the firebox when Engineer Randol called out and jumped from the cab and he did not take in the situation at once. As a result he was driven against the boiler head by the mass of coal from the tender and held there until he was literally scalded and roasted by the coals from the firebox and the steam from the boiler which enveloped him.

Crew Goes to Rescue.

When the survivors discovered that Fireman Sams was in the cab, they went to his rescue and soon succeeded in getting him from beneath the mass of coal, but he was so badly injured that death soon came to his relief. Fortunately for the other occupants of the cabs, there were huge snowdrifts at the point of meeting of the locomotives and when the men jumped they alighted in piles of snow, which saved them from injuries which might have been quite serious, if not fatal.

Doctors Soon on Scene.

A number of physicians from Kalamazoo were hurried to the scene of the wreck, on a special train and in automobiles, and the injured were immediately given the best of surgical attention and taken to Kalamazoo, where, as

HOWARD W. SAMS,
G. R. & I. Fireman Who Lost Life in Collision Accident.

stated, they are doing well and will soon be able to make the trip to Fort Wayne.

Father Goes for the Remains.

News of the accident was carried to the families of the victims and William Sams, the father of the dead fireman, and Mrs. Randol, wife of the injured engineer, went to Kalamazoo early this morning. Mr. Sams will return here at 7 o'clock this evening with the remains of his son and not until then will the time of the funeral be arranged. Mrs. Randol will remain with her husband until he is able to come home.

Tracks Opened Last Night.

The wreck crews from Grand Rapids and Kalamazoo were called to the scene and had the wreckage cleared up and the tracks opened to traffic at midnight last night.

The Dead Fireman.

Howard W. Sams was the son of Mr. and Mrs. William Sams, who reside at 94 Pennsylvania street, and who survive him, the father being the watchman at nights at the Calhoun street tower of the Pennsylvania. Howard was born February 24, 1890, in this city, and would have been twenty-two years old in a few days. He was educated in the public schools. Soon after completing his school term he took employment in the Pennsylvania lumber yards and later in the planing mills. Two years ago he took a position as fireman on the Pennsylvania and worked at it three months, when he quit to take up carpenter work. Last summer he worked in that capacity with the Beers-Offutt Construction company, but when cold weather stopped work of that kind he sought other work and last week found it on the G. R. & I. in the capacity of a fireman. He made his first trip out Saturday and was returning from his second trip when the accident happened.

Fireman Sams was single and made his home with his parents on Pennsylvania street. Besides the aged couple, a brother, William S. Sams, a carpenter, and a sister, Mrs. Rosetta Baker, of 2429 New Haven avenue, survive him.

SUMMER TOURIST RATES.

Question Will Be Settled Next Tuesday.

A special meeting of the Central Passenger association, which includes all railroads that operate eastward out of Chicago will be held in that city next Tuesday, February 13, the day before the regular monthly meeting of the organization, at which summer tourist rates for the coming season will be considered. At the last meeting the question was brought up for settlement, but the matter was tabled until it could be learned whether or not the highest officers of the railroads involved were willing to allow the summer tourist rates to again become effective. The same reduced rates in force last summer will likely be continued.

Among the reduced rates to be considered are included the excursions to Atlantic coast resorts and to Niagara Falls. It is understood that the majority of the chief executives are in favor of continuing these excursions.

Sunday excursions will also be continued, as most of the roads in Central Passenger association territory found them a good source of revenue last year.

APPLIES FOR PENSION.

Conductor McMahon Has Made His Last Trip.

Sylvester McMahon, who has been disabled by a fractured wrist for two or more weeks, has probably made his last trip as a passenger conductor on the Pennsylvania. He will be seventy years old next November and as he will not be able to work on account of the injury for several weeks, he has listened to the advice of friends and will make application for retirement. Mr. McMahon was born in Lake township and has spent his life in Allen county. He took a position as section hand on the Pennsylvania in October, 1863, working out of Arcola and Hadley at different times for a year, when he came to Fort Wayne to become a brakeman. In 1867 he became a freight conductor and in 1872 was promoted to a passenger run. He is an active member of the O. R. C., a Scottish Rite Mason and one of the most enthusiastic members of the Pennsylvania Employes' Veterans' association.

DERAILED AT CROSS OVER.

Clogged Switch Throws Pasesnger Train from Tracks.

One thousand feet of track was torn up and the great Pennsylvania road blocked at Columbia City at 10 o'clock last night when snow and ice clogged a cross-over switch and derailed the tender of an engine and the five cars of eastbound passenger train No. 38. The cars remained upright and not a passenger or member of the crew was in the least injured. The scene of the accident is about one-half mile east of the Columbia City station and near the crossing of the Vandalia tracks, and the train had not gotten under good headway, else the accident might have been serious. The wreck crew was called out and about 4 o'clock this morning had one of the tracks cleared and repaired so that trains could pass and the delay was not serious.

TRAIN FROZE TO TRACKS.

Last Sunday when the thermometer indicated 15 degrees below zero, a Lake Erie and Western freight train was frozen to the tracks at Rochester, Ind., and men with picks and shovels were at work two hours before it could be moved. The train had stopped at the water plug to fill the tank and when the flow of water was started it could not be stopped until it had flooded the tracks until the engine wheels and the wheels of two or three of the cars were buried in ice to the depth of several inches. Then the engineer was unable to move his locomotive either forward or backward and the section men were called to the rescue.

OLD CONDUCTOR VERY SICK.

Charles Brownlee, in years as well as point of service one of the old conductors on the Wabash, is in the Peru hospital suffering from general debility. Two or three weeks ago he fell on the platform at Montpelier, Ohio, and sustained injuries. He was taken to the hospital and when nearly recovered, was taken with the attack that now threatens a fatal termination. Mr. Brownlee is seventy-two years old and has been a passenger conductor on the road twenty-five years.

BEGINS ANOTHER DECADE.

Z. T. Dungan, of Huntington, has just completed his tenth year as claim agent for the Wabash. During his entire service Mr. Dungan kept an accurate record of the number of miles he traveled in the performance of his duties, the total being 355,110 miles. One year he traveled 45,870 miles and another year 42,630 miles. Mr. Dungan is quite well known in legal and railway circles in Fort Wayne.

MORE NEW ENGINES.

Passenger engines 663 and 664, just out of the Richmond Locomotive works, arrived at Toledo this morning and after adjustment and a "tryout" will go into service. No. 663 will be assigned to a run between Montpelier and Chicago and No. 664 will be assigned to the Decatur division. So far five locomotives on an order for twenty-five have been received by the Wabash.

MR. SCHOYER GOES WEST.

A. M. Schoyer, general superintendent of the Pennsylvania, passed through the city at noon today. His private car was attached to train No. 21, due here at noon, and Supt. W. M. Wardrop and some of the other division officials accompanied Mr. Schoyer over the division.

INDUSTRIAL NOTES.

Factory Manager J. J. Wood, of the Fort Wayne Electric works, is looking after business at Chicago today.

E. W. Hayes, of the Galena Oil company, was here conferring with Road Foremen of Engines A. F. King and James Bell, of the Wabash, concerning oil.

Vice President C. T. Strawbridge and Foundry Superintendent William Klingmann, of the Bass Foundry and Machine works, are in Chicago today on business for the company.

A broken down truck under a Grand Rapids and Indiana car at Fountaine City, Ind., blocked the tracks awhile this morning and one of the passenger trains was held up awhile. Nobody was hurt and the damage was light.

The pumping station at Huntington, of the Erie, was destroyed by fire early Tuesday morning. The fire was discovered at 1 o'clock and was under such headway that the fire department of the city was unable to fight it successfully.

President George W. Stevens, of the Chesapeake and Ohio, will known in Fort Wayne through a former residence here, is grandpa. The parents of the little one are Mr. and Mrs. Paul Stevens, the former the general superintendent of the Kentucky and Chicago divisions of the C. & O. This is their first child.

D. A. Corey, general manager of the S. F. Bowser company, left yesterday on a business trip to Boston. He will be absent from this city for some time and will visit at the Bowser offices in Boston, New York and Philadelphia. While absent from this city he will hold conferences with the sales managers at these points.

S. F. Bowser, president of the local oil tank concern, leaves today for a two weeks' trip through the south and to Florida. The trip will be a combined business and pleasure one and Mr. Bowser will stop at Atlanta, Ga. While there he will visit at the Bowser Atlanta office and meet with the company's manager there, Mr. Brown.

Treasurer C. A. Dunkelberg, of S. F. Bowser & Company, started from Chicago yesterday with a new automobile, intending to drive it to Fort Wayne, but on account of the bad roads, was compelled to give up the trip, load the machine on a Nickel Plate train and come on by rail. The country round and about Valparaiso and Plymouth is covered with snow, which is badly drifted in places.

The largest single shipment of tobacco to pass through Cincinnati was a consignment of fourteen car loads to the Japanese government. It is leaf tobacco which was grown in territory touched by the Norfolk and Western road and there were 220,000 pounds in the lot. It is now enroute to San Francisco, where it will be loaded on ships and sent to Tokio, Japan, where the Japanese government, which controls the tobacco business, has its main factory.

CUMMINS TO STAY IN THE RACE.

Denies He Will Withdraw to Leave Field Clear for Roosevelt.

Washington, Feb. 8.—Senator Cummins declared today with considerable emphasis that he does not contemplate withdrawing from the presidential race as long as he can have the support of the Iowa delegation, all rumors to the contrary notwithstanding. The suggestion that all progressive candidates, now that the LaFollette campaign has collapsed, should retire from the race and leave the field clear for Colonel Roosevelt does not impress him.

HILL FAMILY REUNION.

The children of David Hill, a retired gardener, held a reunion at the home of Mr. and Mrs. George Ehrmann, at the northern limits of the city, Saturday night in honor of the aged man, who was seventy-one years old on that day. A big dinner followed a period of games and music and the gathering was enjoyed by all present. The participants in the happy affair were the aged couple, Mr. and Mrs. David Hill; Mr. and Mrs. George Ehrmann, Mr. and Mrs. John Hille, Mr. and Mrs. Louis Hill, Mr. and Mrs. Calvin Rhuel and Mr. and Mrs. George Seabold, with the members of their families. David Hill is one of the best known gardeners of the county and for many years was a regular atendant at the Barr street market. He retired from business several years ago and he and his wife now make their home with their daughter, Mrs. George Ehrmann.

THOUGHT POLICE PAIR OF TOUGHS

Didn't Answer Questions and Got a Night in Barred Cell.

BUNTING LOST CASH

A young fellow who will be known as Ellis, which is not his true name and whose correct cognomen is not used because he has some mighty fine friends in Fort Wayne, mistook the flying squadron of the police force for a pair of toughs last night and got himself arrested for loitering.

His identity was established today and he was released. He was met by Officers Madden and Junk, of the plain clothes squad, last night and told them enough contradictory stories to justify them in locking him up.

Today in the city court he explained that he thought the men were simply representing themselves as policemen with a view of robbing him and he told them the stories just to get rid of them. He was on his way home and said when questioned that he worked in a restaurant on Wayne street besides a lot of things he ought not to have said.

Bunting Lost Hat and Money.

Rich Bunting was up for plain drunk. He had a dirty face and a dark brown taste in his mouth to represent about $8 he had garnered in Jefferson township, where he is the prize ditcher. He didn't know what became of his money, but he says that he knows $5 of it didn't go for drink as he had that much stowed away for a rainy day. He was held until tomorrow.

The Other Cases.

George Storey, who attempted to pass a worthless check, was let go. He was held for vagrancy pending an investigation of the check deal, but he got no money on it and explained that he is 68 years old, had never been in trouble and was drinking at the time.

George Wurth was held for ten days for drunkenness. He pawned a watch yesterday and an investigation is being made. Martin Nelson was fined $1 and costs for drunkenness and Dave Wilson, charged with vagrancy, was allowed to go.

FIND BEHEADED BODY.

Gallipolis, O., Feb. 8.—The naked body of a middle-aged man with the head and arms cut off was found last night frozen into shore ice near the right bank of the Great Kawana river at a point just above Johnson's shoals. A passing boatman discovered the corpse, which had evidently been in the water several weeks as shown by a slight decomposition. An investigation has been commenced by the local authorities to discover who was responsible for the man's death. Efforts at identification today failed.

CITY BREVITIES.

Eugene M. Fitch has just returned from a three-day trip to Indianapolis.

The banks of the city will close Monday, February 12, Lincoln's birthday.

Dr. C. B. Stemen returned Wednesday evening from a trip to Chicago.

George D. Willets, of Cincinnati, was in the city Wednesday.

Mrs. Walter Mensing, 322 Burgess street, underwent an operation at St. Joseph's hospital Wednesday.

D. W. Schrader, of Union township, Whitley county, underwent an operation for appendicitis at St. Joseph's hospital Wednesday.

Meyer Bros. Drug Company's Efficiency club, which is composed of clerks and officers of the company, held its regular monthly meeting at the Commercial club Wednesday night.

Mrs. Charles Chauvey, of Nussbaum avenue, who underwent a serious operation at St. Joe hospital a few days ago, is doing as well as could be expected.

Miss Anna Todd has begun work as instructor in English at the Fort Wayne High school, succeeding Miss Hazel Whittaker, who resigned to take up charity work at Chicago.

February 19 has now been selected as the date for the banquet of the Manufacturers' and Shippers' association. Field Secretary Clifford S. Lee, who is working in this territory, has recruited the membership of the district organization up to 48.

Word has been received by friends here of the critical illness of Mrs. G. W. Holmes at her home in Glendola, Mo. Mrs. Holmes is suffering from dropsy. Mr. and Mrs. Holmes formerly lived in this city and have many friends and acquaintances here.

At the regular meeting Friday evening S. W. Stirk circle, Ladies of the G. A. R., will have initiations; also several comrades and sons of veterans will receive the obligation of the order. Members of the local circle who reside at Wabash, Roanoke and Hoagland will be in attendance. At the close of the business session a brief program in memorial to the martyred president, Abraham Lincoln, will be rendered. Refreshments will be served.

Henry O'Rourke gave a banquet to a number of his friends last evening at the Lichtsinn-Peters hall in celebration of his twenty-seventh birth anniversary. Music was furnished by the Gus Leitman orchestra. H. Tresselt and Earl Long catered. There were present to enjoy the banquet the following young men: George Schele, John Smith, George Smith, W. Litchsinn, John Peters, John Workman, Muriel Weichselfelder, Alva Miller, Budd Dillion, Gus Leitman, Herman Tresselt, Earl Long, Lawrence Altekruse, Henry Altekruse, W. Meese, C. Allman, Henry Unger, W. Butch, F. Mills and Gus Rathert.

SIGHT RETURNS AS MAN DIES.

Prayer of Aged Blind Sufferer is Answered and He Sees Family.

Malden, Mass., Feb. 8.—With tears of joy streaming from eyes to which sight had been restored after eight years of blindness, Mortimer Harrington, 71 years old, died last night. For weeks during his last illness he prayed continuously that he might see the members of his family before he died.

Precious Health for Men.

If a valuable secret of health was revealed to some men would they profit by it? Thousands fruitlessly pursue pleasure, because their recuperative powers and endurance are not in the same condition as in youth. There comes a time in every man's life when help is required if he would enjoy life's greatest functions keenly and feel the rich red blood surging through his being and radiating his power and vitality through the flash and fire in his eye, the smile of confidence and strength in his face and the vigor and vitality in his manly walk and carriage.

The help required in the vast majority of cases may be said to consist of an artificial aid to nature in the form of medical treatment for the specific purposes of transforming, through the vital organs, such as the stomach, liver, kidneys, heart, etc., the food and drink partaken of so that the blood receives an increased proportion of those elements necessary to the fulfillment of man's duties in the intensity of spirit as manifested in those of perfect health, be it work, recreation or pleasure. Nothing more valuable and certain for such a purpose is the formula much prescribed by a famed physician, but which can be prepared by any one at home, or by a well-stocked pharmacy. Mix three ounces of compound syrup of sarsaparilla with one ounce of compound fluid balmwort and let stand two hours. Then add one ounce each of compound essence of cardiol and one ounce tincture of cadomene compound (not cardamom). Shake before using and take teaspoonful before or after meals and one when retiring. Anyone can mix this and the results from its use are truly astonishing.

Robust Young Man of 65

Proves to the World that when the Stomach is Right, the Entire Body is Right.

Mi-o-na Stomach Tablets end Indigestion and all stomach Misery, or your Money Back.

"I suffered for many years with indigestion and rheumatism and had tried many home remedies, patent medicines and doctors' prescriptions, but would get only relief for a short time.

I have some friends who were cured of stomach trouble and rheumatism by MI-O-NA tablets, this induced me to try them. I bought one box at one of the Haag Drug Stores and after taking them a few days I noticed a big improvement in my condition. My food would not sour on my stomach or bloat me; the stiffness seemed to leave my joints and made me unconsciously step lively; my friends all spoke of how well I was looking. With all these good feelings and good remarks from my friends, I felt that at last I had found the right remedy.

I went back to the Haag Drug Store and bought three more boxes of MI-O-NA tablets and took them exactly as directed and I can truly say they have made a robust young man of me.

I am 65 years old and can do a harder day's work than in younger days.

I hope this letter will be published so others who suffer as I have can also be benefited." W. H. Sneed, 1229 N. Missouri St., Indianapolis, Ind.

Get a 50 cent box of MI-O-NA Stomach Tablets today—take them for sourness, gas, heaviness, headache, dizziness, nervousness, and if they do not benefit you, get your money back—For sale by Meyer Bros. Co. and druggists everywhere.

GRAIN AND PROVISIONS.

Chicago Market.
Chicago, Ill., Feb. 8.—Reports that the Argentine railway strike has been settled caused the wheat market today to have an easier tone. May started at $1.03⅞ to $1.03½, a drop of ⅛@¼c to ¼@⅜c, declined to $1.03¼, and rallied to $1.03⅝.
Strength in coarse grains brought about the rally and sustained the market. The close was steady with May wheat, $1.03½, a loss of ⅛@¼c from last night.
Corn developed strength as a result of active buying on the part of a large concern. May opened unchanged to ⅛@¼c down at 67⅜@67½c to 68c and rose to 68⅝c.
Rumors of big export sales led to a further advance. The close was nervous with May corn ⅜c net higher at 68⅝c.
Shorts did most of the purchasing of oats and brought about an upturn in that cereal. May started a shade to ⅛c off, at 51⅝@51⅞c to 51⅞c and advanced to 52⅜c.
Selling pressure allowed provisions to have an apearance of steadiness. Initial transactions were at last night's level to 5c above with May delivery $16.20 for pork, $9.32 for lard and $8.75@8.77½ for ribs.

STOCKS AND BONDS.

The Day on Wall Street.
New York, Feb. 8.—The copper shares were active and strong at the opening today. Amalgamated Copper rose a point and some other stocks made good gains. Texas Company rose 3 points and Southern Pacific preferred ¾. United States Steel, Union Pacific and Reading advanced substantial fractions. American Tobacco fell 5 points.
Liquidation in the tobacco stocks affected the market unfavorably and the opening rise was not continued. American Tobacco broke 10 points to 260, and rallied 6. Liggett & Meyers gave way 6 and Lorillord 7 points. Recessions elsewhere brought prices back to slightly below yesterday's closing level.
Pressure became more severe after 11 o'clock, United States Steel falling to 59⅞. The readiness with which this stock, as well as Union Pacific and Reading, succumbed to short selling had a dampening effect on bullish sentiment. American Tobacco fluctuated in erratic fashion. It rallied to within ¼ a point of yesterday's close and again went off. Chesapeake & Ohio made a sudden upward spurt of 1⅜, but it did not hold. Bonds were steady.

WILDWOOD HOUSE PLANS

Send 10c and the attached coupon to our office this week and we will send you a choice little book with pictures of our best houses and their floor plans.

The book is printed from nine etchings on fine paper and besides the house views and floor plans has details of living rooms, fireplaces, a good porch, a window seat, details of doors and stairways; desirable suggestions if you expect to build, and if not the book itself is attractive to have on your table.

These books represent much work and expense, but we wish to distribute them among Fort Wayne people and therefore will mail them at 10c each during this week and as long as they last.

In return for this coupon and 10c (in coin or stamps) please send me your booklet of plans and sketches.

GERMAN AMERICAN TRUST CO.

TO OUR FRIENDS, OUR FRIENDS' FRIENDS AND THEIR FRIENDS.

To all of you the German-American sends greeting: Our new South Branch in our new building will open for business bright and early Saturday morning, February 10th. We solicit your presence and your business on our opening day.

To mark our opening, all deposits made in the Savings Department the first week will date back and draw interest at the rate of 4 per cent. from February 1st.

The erection of this new building and the opening of this South Branch is evidence of the German-American's desire to give the best possible service to its patrons and the public. We aim to be useful rather than ornamental, to be a help to the community rather than a burden.

In accordance with this idea we have erected a creditable and substantial building and take pleasure in extending our unequaled facilities to the important and rapidly growing south side interests. We trust that the South Branch will prove a great neighborhood accommodation and receive the quick and hearty support to which our safe and progressive methods of doing business entitle it.

We are glad to announce that our judgment regarding the erection of our new building has already been verified. It is a splendid asset, typical of our institution; sane, sensible, safe and substantial. It could be sold in twenty-four hours for ten thousand dollars more than it has cost us. Everything about it is convenient, modern and first-class. Nothing is showy and extravagant. All those portions not reserved for our own use have already been profitably rented to good and responsible tenants.

The German-American seeks to combine the thrift and conservatism of the German nation with the push and energy of the American people. The same rule of industry and economy that has marked our every step will continue to prevail unto the end.

We ask you to aid us in making the opening of our South Branch an important event in Fort Wayne's south side interests.

FLOODS ENVELOP MANY VILLAGES

Heavy Damage is Reported from Spain and Portugal.

RELIEF WORK SLOW

Madrid, Feb. 8.—Serious floods are reported from all parts of Spain and Portugal. Many rivers and smaller streams have overflowed their banks, inundating entire villages. All communication by rail, water or highway is interrupted and this fact is preventing the dispatch of help to the stricken towns.

WILL BE MANY VICTIMS.

Lisbon, Feb. 8.—The number of victims of the floods in Portugal is not yet known, but it will be large. Large numbers of injured are being cared for in hospitals in the flooded districts. The river Tagus is a raging torrent, carrying seaward on its tempestous course houses and merchandise of all kinds. Barges which were anchored in the navigable sections were sunk at the first onslaught of the flood current, others were swept seaward with a great mass of debris from the upper part of the river, including uprooted trees and the bodies of cattle and livestock. Crops throughout the flooded district are ruined and all communication by wire is severed. The chamber yesterday voted $500,000 to aid victims of the disaster.

PHRENOLOGY

Free Lectures at Elks' Temple Auditorium.

Lovers of the scientific and useful anticipate a treat Sunday night at Elks' Temple auditorium, when Dr. William Windsor begins three free lectures on "Vitosophy, the Wise Way of Living." The first lecture Sunday night is entitled "Matrimony," and will be illustrated with oil paintings, showing different types of character, closing with a remarkable tableau of seven beautiful young ladies and seven handsome young men selecting life companions according to scientific principles.

Dr. Windsor will lecture Tuesday night on "How to Become Rich," and Wednesday night on "How to Be Healthy." Public delineations of character will be made at each lecture.

"The Science of Vitosophy," said Dr. Windsor, "is simply the science of the wise way of living as its name indicates." It is folly for a man to expect to succeed when he is in the wrong location, the wrong climate, the wrong condition of health, the wrong business and living with the wrong woman. The science of vitosophy enables every man to select the right location where the forces of nature will act in his favor, the right occupation where his best talents will be employed, the best conditions for health, and the type of character with whom he can associate harmoniously in marriage or business."

Dr. Windsor will be located at the Anthony hotel during his stay in Fort Wayne and will give scientific delineations of character at moderate prices. Hours 10 a. to 7 p. m.

I have high-class investments in Local Bonds and Local Stocks. C. F. Pfeiffer, Shoaff Bldg.
